

FOURTEEN DEAD IN PITTSBURG BLAST

WAR DEBT BIG WORLD ISSUE COMING YEAR

Strain on International Ex-
change as Result of Ger-
man Payments

U. S. BANKERS CAUTIOUS
Have Difficulty in Convincing
Investors Interest Will
Be Met

BY DAVID LAWRENCE
Copyright, 1927, by Post Pub. Co.

Washington—Armistice day this year was not unlike the other anniversaries of the past but the indications are the tenth, next year, may tell a different story.

For the underlying thought today is how the world shall accommodate itself to the huge payments which Germany is to make in 1928 as a part of the Dawes plan. Already here and in the financial centers of the world the discussion of the strain that will be placed on international exchange through the transfer of money from Germany to the allies has covered many different phases. Indeed no subject is believed to be more vital to the American trade outlook and, of course, the American production curve.

German bankers in recent weeks have been crowding the councilrooms of American banking houses looking for funds not merely to finance their enterprises in Germany but in other parts of the world. The American attitude has been one of extreme caution, not because of any real doubt as to the merit of these enterprises but the difficulty of assuring American investors that interest payments will be met without interference by the reparations commission or rather the so-called "trustees" which may limit the amount that can be exported from Germany so as to keep sufficient funds for reparation payments. Also there is some uncertainty as to the amount of capital levies that will be made to meet the payments to the allies.

PROBLEM IS OLD

This problem is not new, of course. It has been foreseen by many American banking institutions which have been careful to protect their investors. But the further development of German business, especially abroad, as impeded by the uncertainty and until the air is cleared American funds which have been abundant this year will be withheld to a large extent. Only now and then, when interest payments can be assumed to come from sources outside of Germany through the intricacies of international exchange have loans been made with instant success.

Municipalities have been anxious to borrow money. There has been little doubt about the merit of such German loans but the attitude of the reparations commission toward the priority in future years of reparation payments over all else has clouded the situation.

So in the next several months the expectation is that the bankers of the world will exert pressure for a solution. They are not likely to wait till the last minute. Some American economists and industrial leaders like Bernard M. Baruch for instance who was responsible for the economic clauses of the Versailles conference believe that when the payments on the Dawes plan are adjusted to meet the conditions of the hour, the world will go forward to a prosperity unheard of in history.

There is, of course, a different frame of mind in the allied world today than even three years ago. No longer is it a question of national pride or revenge. France like Great Britain, recognizes that Germany should be permitted to pay the allies only such sums as will not disturb world exchange. This means some modification of the Dawes plan but the principal feature of that project was elasticity—it was to provide a means whereby the nations of the world could handle the reparation problem as an economic and not a political matter. The bankers of all countries, especially of the allied nations now are vitally interested in preserving an equilibrium. Practically all countries have at least agreed on the amounts due in war debts and the payments are by no means heavy in the next five or ten years. By the time Armistice day comes around next year the hope of the American government, American bankers and business men as well as the leaders of finance throughout the world is that the great problem of transfer of reparations payments will have been solved. It will be a mark of economic peace.

APPEALS BOARD HEARS 3 BANK COMPLAINTS

Madison—(P)—The state board of appeals Monday heard the complaints of three sets of persons who sought to establish banks and were refused charters by the state banking department. The "Green River Bank" at Hales Corners and a banking organization at Granville, Milwaukee, each sought relief from the board, which consists of the governor, secretary of state, attorney general and state banking officials. The third organization protesting the banking department refusal of a charter was from Bondell, Shawano co.

GREENWALDT AND PAL GET LIFE PRISON TERMS HIRED FRIEND TO KILL WIFE, HE CONFESSES

Accomplice Also Tells Story
of Death Ride of Mt.
Horeb Woman

BULLETIN
Milwaukee—(AP)—Life imprisonment in Waupun was the sentence imposed upon Alvin Greenwaldt, 38, Mt. Horeb, and Arthur Bertzhold, 24, St. Paul, Minn., co-plotters in the murder of Greenwaldt's wife, by Circuit Judge C. M. Davison, Monday afternoon when they pleaded guilty.

Milwaukee—(P)—Alvin Greenwaldt, the 38 year old liquor runner and former bus driver, stood revealed Monday by his own confession to the police as the plotter of his wife's death at the hands of Arthur Richard Kelley, alias Bertzhold, another former bus driver, whose services he purchased for \$500.

Breaking down Sunday night to make a clean breast of the plot that resulted in his wife's death, last Monday near Waukesha, Greenwaldt established as fact his previous story of the kidnapping of his wife, and caused the arrest of Kelley, who admitted that he choked the woman to death while the two sped along at 60 miles an hour.

Avenger of Greenwaldt, the unfaithful husband, and liquor runner cost the life of his devoted 35-year-old wife of Mt. Horeb. A desire for a life to ease caused him to engage Kelley, who recommended himself as a good choker, to slay the woman that he might collect \$25,000 insurance he had taken on her life.

Monday Greenwaldt, the plotter, and Kelley the suave hardboiled 24-year-old slayer were held in the Waukesha jail awaiting the machinery of justice to turn—a process through which District Attorney Herman Hulen hopes to send both men to prison for life.

STRICKEN BY REMORSE
Repentant and remorseful, broken by sorrow and by the long grilling at the hands of Mr. Salen, Greenwaldt late Sunday unfolded the story of the plot and slaying. He told how Kelley could be found and then faced Kelley at police headquarters here and forced the confession from the accused assassin.

"I hired Kelley to kill her," Greenwaldt's confession read.

"I choked her to death," Kelley added, according to police. "I was in the car with Greenwaldt and his wife. I reached over, grabbed her by the neck with my right hand. She never moved. It was over in five seconds."

It was a long story the slayers told: a story of a plot carefully laid and executed.

The killing took place while the Stutz coupe, which Greenwaldt used in rum running, was racing over a highway near Dousman at high speed. After the body of Mrs. Greenwaldt had been cast into a field, Greenwaldt

PROBE ORIGIN OF FIRE IN WHICH 8 WERE KILLED

Indianapolis—(P)—Five different investigations of the fire that swept through the second and third floors of the three-story Graystone apartment hotel early Sunday morning, causing the death of eight persons, were under way Monday. Twelve persons were injured.

Chief of Police Claude M. Worley, declaring the structure was a " tinder box," promised a thorough investigation. Four others began investigations. The theory that the fire may have been of incendiary origin, was advanced.

The fire, estimated damage amounting to only \$50,000 to \$75,000.

PAPERS BLAME MEXICO FOR REVOLUTION IN NICARAGUA

Washington—(P)—The Washington Herald, a Hearst paper, Monday published a copyrighted article in which were incorporated facsimiles of documents said to have come from secret files of the Mexican government supporting the claim of President Coolidge and Secretary Kellogg that the recent Nicaraguan revolution was fomented and supported by Mexico.

One document, dated June, 1925, purported to be an order for payment of \$50,000 to Dr. Pedro Jose Zepeda, Mexican representative of Dr. Juan B. Sacasa, who led the revolt, for the purchasing of arms and ammunition. As published, it bore the signature of President Calles. Other orders purported to call for payment of sums ranging from \$1,000 to \$25,000 to Zepeda and Dr. Carlos Leon, for performance of secret missions confined to each by President Calles or the chief of the presidential staff. The arms were charged in the documents to the Secret expense of the presidential staff.

The Herald said these papers, and more to be published later, were brought to this country by Mexican officials and obtained from them by the Hearst newspapers. All it declared, would be placed at the disposal of the state department and congress.

In explaining American intervention in Nicaragua, President Coolidge, in a message to congress, asserted that the Nicaraguan revolution was being fostered by the Mexican government and a few days later, secretary Kellogg issued a statement supporting the views of the president and declaring that belshavism had gained a foothold in Central America.

GERMAN PLANE FALLS TO SEA FLYING TO U. S.

Hydro-airplane D-1220 Is
Wrecked Off Azores; Crew
Is Saved by Boat

Horta, Island of Fayal, Azores, —
(P)—An attempt to demonstrate the practicability of trans-Atlantic flying ended in disaster as the longest over-water leg of the trip, the 1,600 miles from here to Harbor Grace, Newfoundland, was started. As a result the Heinkel hydro-airplane D-1220 Monday was a twisted mass of wreckage.

The Junkers Hydro-airplane D-1220, which is financed by the Hamburg American line, backers of the Heinkel venture, after a long wait for favorable weather to hop off for America, has postponed its takeoff. The viennese actress, Lilli Dilleux, who is reported to have paid \$12,500 for passage to the United States, was represented as being very anxious to make the journey.

The D-1220 accident has not been explained. The plane, circled around the ship a few times warning up its engines. Then, as the plane headed for the open sea, the engines stopped and the fliers plunged into the ocean.

The crew was found swimming in the sea a few miles away from the wreck. The plane was found floating in the water by a motorboat. Another launch took the partly submerged plane in. When brought into the harbor it was found to be a wreck. The pontoons were completely smashed and one wing was missing.

MAY SPEND BILLION TO CONTROL FLOODS

Mississippi Valley Association
President Outlines His
Plan

St. Louis—(P)—A billion-dollar expenditure by the federal government on flood control, river navigation and conservation was the plan James E. Smith of St. Louis, Monday held before the Mississippi valley association, of which he is president.

A speaker on Monday's program of the association's ninth annual convention Smith declared flood protection and waterway development "must go hand in hand as national problems and the government must assume entire responsibility and pay every dollar of their cost."

Senator James A. Reed of Missouri, another speaker, was of the opinion the government, if it completely dominates navigable waters, also should harness them. Senator Joseph T. Robinson of Arkansas, was fearful that rivalries and jealousies among individuals and associations would confuse the flood control movement. Dwight F. Davis, secretary of war, told the association that inland waterway navigation development and flood control are national problems, the expense of which should be borne largely by the federal government.

"Loss of life, property and business incident to a flood disaster warrant the expenditure of huge sums for flood control," Mr. Davis said.

"Lives must be the backbone of any plan for flood protection in the Mississippi valley, because more protection for the same amount of money can be obtained by this method than by any other."

ARGENTINE REPORT HITS WHEAT MARKET

Chicago—With the Argentine harvest reported progressing under favorable conditions, the wheat market showed an early downward trend. An increase in the amount of wheat on ocean passage was also a bearish factor. Starting one-half to one-half cent lower, Chicago wheat later declined a little more. Corn also was easier, opening unchanged to five-eighths cent off, and subsequently declining all around. Oats were steady. Provisions headed downward.

Despite sharp rallies at times, wheat traders gave much of their attention Monday to the fact that not only was the harvest outlook in Argentina reported as auspicious but crop conditions for the southern hemisphere as a whole was commented upon as generally satisfactory with probable crops such that North America can with ease take care of its shortage.

Corn prices Monday continued largely to reflect the seasonally bearish showing of the latest official crop figures. On the other hand, prevalent moist weather, unfavorable for curing corn, had a steady influence, and so likewise did persistent adverse husking returns.

MAN LOST IN WOODS FINDS OWN WAY BACK

Ashland—While a searching party looking for him in the woods surrounding Ashland Joe Kottay, a mill employe, walked into the woods early Monday morning after having been lost all night. Kottay, who was hunting rabbits, was lost Sunday afternoon and wandered in the woods until Monday morning. In the meantime, a party led by county officials, was searching for him.

MAY ASK DECREE

Chicago—(P)—Whether Harold F. McCormick, the Iliavester company millionaire, has any plans to divorce his prima donna wife, Mme. Ganna Walska, is "entirely a personal matter," about which he prefers not to talk "at this time," he told the Herald and Examiner Sunday night. The newspaper reached Mr. McCormick near Santa Barbara, Calif., by long distance telephone, seeking confirmation or denial of reports that suit for divorce, charging desertion, is to be filed in Chicago.

LAY FOUNDATIONS FOR ANOTHER STREET

Dump Rubbish in Ravine to
Provide Roadbed for S.
Superior-st Extension

In accordance with plans of the street and bridge committee to open a street from S. Superior-st to the W. Lawrence-st bridge, announcement has been made that clean ashes and other rubbish permitted by the city may be dumped in the ravine to build a foundation for the proposed roadway. A city employe will be on duty at the place to supervise dumping of the rubbish.

Plans of the committee also call for dumping of wreckage of the Wisconsin Mall and Grain company's tile tanks at the foot of Superior-st. The wreckage from these structures has been dumped in the Washington-st ravine for the last few weeks but retaining material will be deposited to help build up the new street. The last three of the nine tanks was toppled Monday morning and hauling for the fill-in started at once.

The main street is expected to be an outlet for College-st traffic going to the court house. At present a person with county business must drive to Walnut-st or go by way of Appleton and Lawrence-sts.

WAS LAST SEEN ALIVE BY CHUM AFTER THEATRE

Bloodhounds Fail to Follow
Trail of Murderer Monday
Forenoon

Portage—(P)—Wisconsin was confronted Monday with its third murder mystery of two weeks, with the finding of the body of 15-year-old Helen Lang, shot through the head, in a clump of bushes in what is known as the "Tramp's jungle" Monday.

A search, started Sunday night by parents when the girl, a freshman in high school and the only child of Mr. and Mrs. Harry Lang, did not return. Resulted in the finding of the body by accident near Milwaukee road subway here. Cutting across lots to the Lang home, William McLaughlin, night watchman at the high school, stumbled on the body lying in the uninhabited area, 100 feet distance from the subway.

The murder victim attended a theatre Sunday night with June Moran and left the girl at the Moran home. Her movements since then have not been learned.

It was learned that the girl never reached home Sunday night. She walked to the home of the Moran girl and left her at the door. That was the last seen of her alive so far as is known. Previously, she and her mother had been visiting at the home of Anna and Mary Slick and she told her mother during the afternoon she was going to a show with her playmate Becoming, worried, the parents started a check in the evening when the girl did not return and finally notified police. A hunt was begun around midnight.

Bloodhounds brought from Mauston by D. P. Senegales failed to pick up the trail of the murderer and the body was taken to an undertaking room where an autopsy revealed the child was killed by a bullet from a shot gun. The bird shot entered the base of the brain through the back of the head.

A Negro suspect was picked up at Minnesota Junction and is held at Janesville and Police have come to question him. Police have no clue to the identity of the slayer.

The murder is the third in two weeks in Wisconsin in which women have been the victims and the bodies of all three have been recovered under somewhat similar circumstances. Helen, a 15-year-old Milwaukee girl, disappeared Oct. 11 and her body was found in the Fox River near Waukesha, nine days ago. The second murder victim was Mrs. Emma Greenwaldt, whose body was found lying at the side of the road near Dousman, Tuesday. Her husband confessed to plotting her death.

AUTO GOES OVER BANK, MAN CRITICALLY HURT

Chippewa Falls—(P)—Peter Campbell, 49, was injured, probably fatally, Sunday evening, when his car went over an embankment a mile west of Bord and turned over. Campbell's chest was crushed and his limbs perished. William Schaefer, driving with him escaped injury.

FRENCH LINER REPORTS SIGHTING WHITE PLANE

New York—(P)—The Radio Corporation of America announced receipt of a radiogram at 10:30 Monday morning from the master of the French liner Ile de France at sea, reporting the sighting of a white airplane "traveling very high over head."

Rumanian Court Won't Let Carol Appear As Witness

Bucharest, Rumania—(P)—The right to testify in defense of a former cabinet minister, charged with plotting to bring about his return to the Rumanian throne, has been denied to Ruman Crown Prince Carol.

Nikolai Monulescu, former under secretary of finance, in the two days he testified in his own defense, attempted to show that the exiled prince had the interest of his country at heart and that his abdication two years ago was not due to personal idiosyncrasies but to his treatment by the present premier, Ionel Bratianu.

Then those who are defending Monulescu demanded that Carol, who is in France, be called as a witness.

"He must come, in order to prove that he never thought of returning except as a member of the 'reGENCY,'" shouted M. Theodorescu, criminal law expert for Monulescu, who maintained

\$6,000 LOSS WHEN FIRE DESTROYS FARM BUILDINGS

Due to unknown origin destroyed the farm buildings and damaged the home of William S. Bredon, near 2, Appleton, late Saturday afternoon. The buildings destroyed were a barn containing the season's crops, a machine shed, garage and a hoghouse. Loss was estimated at between \$5,000 and \$6,000.

Only through the efforts of farmers living near the Sproeder home was the house saved. One side of the roof was badly damaged when it caught fire while the walls of the structure were damaged by water used to put out the blaze on the roof. Two fire extinguishers and a huge tank of water in the attic of the home helped fire fighters.

BURNS DENIES MOVE TO FORCE MISTRIAL

Will Disprove "Every Word"
of Operative's Story, De-
fective Says

Washington—(P)—Flat denial of the latest charges against the Burns Detective agency were made Monday by W. Sherman Burns who declared he would disprove "every word" of the sensational statement of William J. McMullin, Burns operative, who accused the agency of fabricating testimony to bring about a mistrial in the Teapot Dome case.

McMullin accused Burns operatives of having prepared false affidavits, had tampered with the oil jury. His statement further implicated William J. Burns, W. Sherman Burns and other members of the agency staff.

When the grand jury convened Monday its attention first was devoted to some minor cases. All of the Burns operatives who shadowed members of the trial jury William J. Burns, W. Sherman Burns, and Raymond Burns, were present to appear when called.

William J. Burns and W. Sherman Burns urged government counsel to permit them to appear immediately before the grand jury. Their request, submitted to Neil Burkeshaw, assistant district attorney in charge of the inquiry was refused. They then were granted an interview with the district attorney, Peyton Gordon, which was a long affair.

TANG SENG-CHI FORCES ASK NANKING FOR PEACE

Hankow, China—(P)—Subordinates of Gen. Tang Seng-Chi who assumed power in Hankow after the disintegration of the Hsankow nationalist government, have asked the Nanking government, whose approach on Hankow has brought a reign of fear and disorder, to cease hostilities and to open negotiations for peace.

The evacuation of Tang Seng-Chi's troops has been completed and only the Thirtieth army remains. Behind them they left the body of a Hunan general struggling at Tan Seng-Chi's orders when he suggested the retirement of the latter.

The Chinese population is stricken by fear at the presence of the stubborn soldiers who remained after Tang Seng-Chi's withdrawal.

HOOVER'S SECRETARY HURT IN PLANE CRASH

Montpelier, Vt.—(P)—A secretary to Herbert Hoover and the pilot of the airplane were both critically injured Monday morning at the town field here when the plane crashed in making a landing.

TAKES OWN LIFE WHEN SHE CAN'T FIND WORK

Kenosha—(P)—Despondent because she had been unable to find employment after searching for the past week in Kenosha and Milwaukee Mrs. Neil Robinson, 28, ended her life by drinking poison Sunday night. Early in the day she had come to the home of Mr. and Mrs. W. L. Garden of Kenosha, acquaintances from her former home in Nashville, Tenn., and it was in the bathroom of their home that she drank the poison. She was hurried to the Kenosha hospital but was dead when she arrived.

Coroner A. E. Schmitz is investigating the case. Letters found in her possession indicate that she had also had domestic trouble which, joined with her inability to secure work, an causing her to end her life. She had recently been divorced from her husband who now lives in Nashville.

AIR NOTABLES ARE FETED AT WHITE HOUSE

Lindbergh Outstanding Hero
Among Aviators Honored
by Coolidge

Washington—(P)—Aerial celebrities of the nation, numbering nearly a score of men and one woman who have won glory in trans-oceanic flights, assembled Monday as guests of President Coolidge and later to honor their ideal—Col. Charles A. Lindbergh.

Lindbergh's journey by plane from New York, with his mother and Mrs. Harry A. Guggenheim, was timed so that his landing at Bolling field would complete the group invited to lunch with the president at the White House and Monday night see Mr. Coolidge give the flying colonel the National Geographic society's Hubbard medal.

While awaiting the Lindbergh ceremonies, his co-heroes in oceanic flights swapped reminiscences and then moved in a body to the commerce department where with Assistant Secretary MacCracken, they recounted their experiences with the weather on their historic hops. Weather bureau officials who assisted in preparation of weather data, government aeronautic officials, and representatives of the Guggenheim Foundation for Promotion of Aeronautics joined in the conference.

AIR ARISTOCRACY
The group of famous aviators, whose names have been headline through-out the world—Byrd, Acoola, Balchen, Chamberlin, Levine, Matland, Hagenberger, Goebel, Schell and Brock and others—bowed in homage and admitted to their fraternity the lone woman who shares their place in the aeronautical sun—Miss Ruth Elder.

Garbed in one of the French gowns she purchased to replace her flying knickerbockers, she arrived early with George Haldeman, her copilot on her flight that landed her in the ocean near the Azores. After the excitement of congratulations from her predecessors in over-water flights, Miss Elder took occasion to deny that her prominence had estranged from her 24-year old husband, Lyle Womack. He will leave Monday for Panama, but she will not go with him, returning instead to New York Tuesday to examine numerous contracts offered her.

MAITLAND CHEERED

At the commerce department meeting Mr. MacCracken first presented Deit Balchen, companion of Commander Richard E. Byrd on his flight to France. While Balchen was describing the flight that forced their ship to land in the water off the French coast, Lieutenant Lester J. Maitland, formerly of Milwaukee, first to fly from San Francisco to Hawaii, entered and was greeted by cheers.

The round table weather discussion brought from Dr. James H. Kimball, of the weather bureau, the revelation that Ruth Elder and George Haldeman took off for Europe in a storm because of a misconception of technical weather terms used by the weather bureau in giving forecasts. He hoped the meeting would result in an agreement in terminology between weather officials and trans-oceanic fliers, and said that in his opinion Miss Elder and Haldeman are very fortunate to have come through that storm, and their experience was one of utmost value.

SHARKEY-HEENEY BOUT IS ORDERED POSTPONED

New York—(P)—The heavyweight match scheduled for Friday at Madison Square garden between Jack Sharkey of Boston, and Tom Heenev, New Zealand, was called off Monday as a result of an injury to Sharkey's left hand. X-ray examination in Boston Monday revealed a fracture. Sharkey will be unable to fight before January.

FATHER KILLS CHILD IN HUNTING MISHAP

Merrill—(P)—John Piero of Glenview, Ill., accidentally shot and killed his son, Lawrence, 13, when the two were hunting for rabbits about a mile from their home Sunday. The boy's head was badly torn by the shot and he died before his father could bring him to the hospital.

AT LEAST 500 ARE INJURED IN EXPLOSION

Tank Containing 5,000,000
Cubic Feet of Gas Ig-
nited in City Area

FEAR TOLL WILL MOUNT
Police Guard District as
Thousands Rush to Scene
of Devastation

Pittsburg, Pa.—(P)—Fourteen persons were known to have been dead and more than 500 were injured, some seriously, here Monday when a giant natural gas storage tank at the Manchester works of the Equitable Gas company exploded, spreading death and destruction over an area of one square mile. Tens of thousands of gas seekers were digging into the ruins of scores of buildings, led by the belief that others had been killed and their bodies buried in the debris.

Indications that the death toll would increase was found in one wrecked building alone—the plant of the Pittsburg Clay Pottery company. One hundred and fifty men escaped from the building with cuts and bruises, while eight or ten others were trapped in the basement, were believed to have been drowned by the water rushing in from broken mains in the street. Firemen were pumping out the basement in an effort to locate additional bodies.

Meantime hundreds of firemen and rescue men were digging into other piles of debris searching for victims.

With a shock like that of an earthquake, the huge tank containing several million cubic feet of gas, was sent asunder. It was believed the blast was caused by workmen who were repairing the tanks with acetylene torches.

LEAK IS BLAMED
George Rowland, safety department representative of the Equitable company, expressed the belief that gas, leaking from one tank into another, supposedly empty tank now, which workmen were making some repairs, caused the disaster. Twelve men and a foreman were using acetylene torches to make the repairs when the blast occurred, he said. He thought that gas from the filled tank leaked to the other container and was ignited by the torches.

A check-up of workmen to have been nearby when the tank let go, showed more than a score missing. Of the 15 Ritter-Conley company men at work on the tank at the time, 11 were unaccounted for. In the city asphalt works nearby, a dozen employees were listed as missing.

When the tank burst, a ball of fire.

BOMBERS FAIL TO MURDER OREGON

Three Men, Two Wounded,
Arrested After Unsuccessful Attempt

Mexico City—(P)—An unsuccessful attempt to assassinate the sole remaining Mexican presidential candidate, General Avila Obregon, was being investigated Monday.

General Obregon had come to Mexico City to resume active charge of his political campaign when two bombs were thrown at his automobile. His face was slightly cut by flying glass from the windshield when the bombs exploded. Three men who threw the bombs from another automobile were arrested after two of them had been shot.

Gen. Obregon arrived at a time when the anti-revolutionary organization, which oppose him, was considering the selection of a non-military man to replace their two candidates, Generals Arnolfo Gomez and Francisco Serrano who were executed.

Obregon's chauffeur, Catarino Villanueva and Ignacio Otero, a companion of Obregon, fired shots that wounded two of the bombers, Lamberto Ruiz and Antonio Tirado. The automobile bearing Otero took up the pursuit and captured the Trio. The third man was Francisco Obregon.

Police and the three men appeared to be working men who were acting for enemies of Obregon. Police did not make public any statement they or their companion may have made.

UTAH MAN NAMED TO RADIO COMMISSION

Washington—(P)—Harold A. LaFont of Utah, was appointed by President Coolidge Monday to be a member of the Federal Radio commission, succeeding John F. Dillon, who died recently.

TABULATE RESULTS OF COMMITTEE WORK ON STATE MEETING

Wisconsin Older Boys' Conference Will Be Held Here Nov. 25-27

A tabulated report of all work done up to Saturday by committees in charge of the silver anniversary Wisconsin State Older Boys' conference, which will be held here on Nov. 25, 26 and 27 and a report of the work which the committee still must complete, has been prepared by Ben J. Rohan, executive chairman of the conference. All of the committees have a fine start for the time placed on the work, Mr. Rohan said.

The housing committee, consisting of members of Appleton Woman's club is soliciting entertainment for the 500 delegates through ladies of the churches and is securing rooms for the visitors for the three-day period. The committee must get 250 rooms and prepare assignment cards for the lodgings for immediate use on Nov. 25.

The special meals committee has arranged for the banquet at First Methodist church on Nov. 26 and for special meals at the church and Masonic temple. It still must get menus for the meals and banquet, arrange for programs and supervision of special meals Friday and Saturday and offer whatever assistance is necessary to prepare the places for meals.

The meetings place committee has secured the Methodist church for all meetings except Sunday morning and the Lawrence Memorial chapel for this session. It must arrange for enough blackboards for all discussion group rooms and mark the rooms so the visitors can easily find their way to discussions.

The reception committee has made plans for the reception of the delegates. It will secure necessary printed matter for various parts of the reception, program, secure the use of cars for meeting delegates, cooperate with the recreation committee to secure cars for tours of the city and organize a committee of Boy Scouts and instruct them in plans for meeting trains, guidance about the city and other reception matters.

The publicity committee has secured the agreement of Lawrence college to pay for the cost of editing a souvenir program booklet. The chamber of commerce has agreed to distribute Appleton booklets to each delegate and will send letters to each prospective delegate inviting him to service here while here. The committee must start work in its booklet at once and must get conference material to Dan Hardt of the college. Arrangements must be made for signs advertising the conference, a regular plan of publicity up to conference time, and publicity for outside towns in the valley in order to secure delegations from these communities.

The music committee has secured the services of Carl McKee and John Ross Frampton of Lawrence conservatory of music as song leader and organist for the conference, respectively. It must provide music for the banquet and special meals and secure a band for a conference parade if the recreation committee plans one.

The decoration committee is planning decorations for the meeting places and it will start the decorating work as soon as materials are secured. The information committee is planning a booth for the Y. M. C. A. and the church at which time—tables and small maps of the city will be on hand for the visitors. Boys will be on hand to answer all questions for the visitors and the maps will have meeting places, meal places, lodging houses and other conference locations marked, as well as directions to each. The booth will be at the association Friday and at the church Friday evening, Saturday and Sunday.

The usher committee will secure the services of college men for Friday afternoon and Saturday morning and afternoon. The recreation committee is at work outlining a plan of recreation so that it does not conflict with the sessions and making arrangements for the recreation well ahead of the conference. It must cooperate with Lawrence college in its plans. The program will include interscity basketball and swimming tournaments, educational tours of local industries, numerous entertainment and exhibitions of Lawrence intermural athletics, such as boxing wrestling and fencing.

The registration committee has placed posters in the schools advertising the conference and urging early local registration to avoid the rush of visitors and a representative committee has been chosen to assist with the registration. The committee plans to get posters in churches and nearby cities, so that every eligible youth is asked to attend the conference. announce the conference in school assemblies next week and secure an Appleton delegation of at least 100.

**BABY CLINIC WILL
BE HELD THURSDAY**

Miss Florence Whipple, city nurse, will lecture on child feeding at a baby clinic to be held next Thursday, Nov. 17, at the Appleton Woman's Club. Local physicians will have charge of the clinic.

Miss Whipple also has prepared an exhibit of foods for children from six months to six years of age and cards prepared by the state board of health, prescribing diets for children up to six years of age, will be distributed.

Christmas Bazaar, Baptist Church, Nov. 16, 9:00 A. M. Dinner 11:00 to 1:30. 50c.

PRETTY PETITE SALLY

SALLY O'NEIL AND OWEN MOORE IN A SCENE FROM "DECKY" TO BE SHOWN MONDAY, TUESDAY AND WEDNESDAY AT FISCHER'S APPLETON THEATRE.

Display Medicinal Herbs At Agricultural Exhibit

Racine.—(P)—Many plants, barks, seeds and roots were greatly prized by Indian tribes and the pioneers of Wisconsin for their medical and curative properties. Seventy-five such medicinal herbs were on display as a part of the Wisconsin Agricultural History Exhibit 1827-1927.

Among the plants which were greatly desired for the making of medicine, Theodore T. Brown, in a current issue of the Wisconsin Agriculturist, lists milkweed, common plantain, mullein, goldenrod, Indian hemp, fleabane, vervain, bergamot, dandelion, tansy plant, jack-in-the-pulpit, Indian turnip roots and the bark of prickly ash, and wild cherry tree.

Pioneer American boys and girls were acquainted at a tender age, Mr. Brown says, with the extremely bitter decoction known as boneset tea. Boneset tea was brewed from the boneset plant, a native of this country, and usually found in the marshy lowlands. Whenever children became over-critical of the food, a good dose of boneset tea, administered by their parents, spurred their lagging appetites to their former activity.

The common plantain, present in most lawns and yards, was once widely recommended as a remedy for reducing swellings by both the Indians and the pioneers. Plantain poultices were applied to bee stings and irritated parts of the skin.

The now very common dandelion plant, which overruns city and village, and is almost despised, was at one time a greatly prized medicinal plant, Mr. Brown says. It is known that in 1849 a Wisconsin pioneer rode on horseback all day over a large part of Rock-co in search of the dandelion. A medicine made from dandelion was used to relieve the complaints of jaundice and dyspepsia. The root was a favorite remedy for diseases of the liver and of constipation.

One pioneer to Wisconsin from New England, Mr. Brown records, brought with him enough jack-in-the-pulpit to fill the bottom of his trunk. He had been told that this plant did not appear in Wisconsin, and as he was journeying into a wild and unknown region, he brought this supply with him, as he did not wish to be without his standard remedy for coughs and colds.

A tea brewed from the tansy plant was recognized as a "cure-all" and a panacea for fevers, agues, hysterics and dropsy. Tansy was also administered in the form of pills, and when boiled in water, it was used as an eye-wash.

COUNTY HAS BALANCE OF \$275,000, ANNUAL AUDIT REPORT SHOWS

If Levy Made at Session Last Winter Is Illegal Then County Is in Arrears

An audit of Outagamie county finances which was completed last week shows that the county has a balance of \$275,494.18 on hand. However, this includes the illegal levy made by the county board at the November session and if the county is forced to refund this amount it means that at the time the audit was completed it was more than \$30,000 in arrears.

In cash, the audit showed, there was a balance of \$15,076.33 in the general account while balances in the road, bond and coupon accounts and petty cash brought the total to \$117,948.81. Assets of the county are listed at \$1,050,655.35. Included in these are tax certificates, \$102,837.56; illegal taxes due county, \$1,251.62; accounts receivable, \$8,299.82; tax levy which has been held back by Appleton and Shi-

agon, \$100,718.13; future levies for bonded debt, \$724,000.

County special funds total \$109,259.15 while overdrafts of \$971.86 reduce this amount to \$108,287.29. Overdrafts exist in the superintendent of schools fund which is \$317.31 short and the supervisor of common schools fund, which is short \$654.55. The latter shortage will be wiped out by state aid. Following are funds in other special accounts: Asylum, \$30,027.92; sanatorium, \$32,978.95; training school, \$5514.71; school library, \$666.83; teacher's institute funds, \$15.25; soldier's relief, \$1534.71; blind pension fund, \$1,905.22; mother's pension, \$8,596.03; tax redemption, \$3,222.84; highway bond and coupon, \$13,456.33; inspection of bees fund, \$12; dog fund, \$2,917.11; agricultural fund, \$1,725.46; old age pension, \$4,521.10; county nurse, \$784.65; motor police, \$1,373.98. The road fund has a balance of \$42,626.95 but overdrafts reduce this to \$38,296.88.

Prosperous Kaukauna Farmer Thought His Case Was Hopeless

Had spent hundreds of dollars without results before he learned of Dreco.

"Before I learned of Dreco I spent hundreds of dollars in an effort to get well but nothing helped me and I had just about given up home," declared Mr. Nick Fox, a prosperous farmer and active churchman living on R. R. 5, Kaukauna, Wis.

"I used to suffer so from indigestion I'd just bend over with pain and although I cut down on food till I was scarcely eating anything my stomach was always filled with gas which bloated me up as tight as a drum and pressed against my heart. Often my heart would flutter so I thought it would jump out of my body. I was

constipated all the time, my nerves were always on edge and I felt tired and worn out all the time.

"My condition grew lots better even the first week I took Dreco and now I have complete and perfect health. I can walk as straight as a soldier and enjoy three hearty meals every day without the least sign of indigestion. My nerves have been steadied, my bowels regulated and I feel and look so much better in every way all my friends are astounded at the great change in me. I have no hesitation in giving Dreco full credit for my present good health and am glad to recommend it to anyone."

Dreco is being specially introduced by Schlitz Bros. Drug Store and sold by druggists everywhere.

Rogers' Brushing Lacquer Dries While You Wait

Use Rogers Brushing Lacquer for decorating odd pieces of furniture in the home. It is easy to apply and works wonders with old and new things alike. It is a marvelous finish only recently made possible through the perfect blending of rare solvents which cause the lacquer to dry just slowly enough so that you can apply it with a brush, as you have done with paints and varnish.

Many people are buying it now for decorating many Christmas gifts that they have made themselves. There is a wonderful variety of bright colors that can be blended into soft, off-shades to suit your fancy. Put up in conveniently sized cans at moderate prices.

\$1.95 Quart \$1.10 Pint
65c 1/2-Pint 40c 1/4-Pint

Rogers Lacquer Thinner. For thinning and cleaning the brushes. Priced at 60c-1/2-pint. 35c-1/4-pint.

WINTER ITCH

Many people are troubled with this disease every winter. If they would only use...

BAKER'S 51013

relief would be found on the first application. Used for this purpose for more than 50 years, it is always very effective. Made from a doctor's prescription, it does the work. 50c for a trial size package. \$1.00 for a large jar.

For sale in Appleton by Schlitz Bros. Co., and by good druggists everywhere.

APPLETON MAY BE ON AIR LINE IF LANDING FIELD IS PROVIDED

Six Local Men Attend Meeting at Oshkosh to Discuss Proposed Route

If Appleton can find an airport which will pass inspection by the national department of commerce there is chance for this city being included on a commercial air route according to E. N. Quinn, of the Royal Airways corporation of Madison, who addressed 60 persons interested in a commercial air route at a meeting in Oshkosh Friday evening. Six Appleton men, Hugh Corbett, of the chamber of commerce, William H. Zuehlke, George H. Schmidt, H. A. DeBauter, Fred Schlitz and Fred Felix Wetzel, acting postmaster, attended the meeting together with 54 representatives from other Fox River valley cities.

The meeting was called to present the plans of the Royal Airways corporation for establishing a commercial line between Chicago and Menominee, Mich., by way of Madison. The route would include Chicago, Rockford, Ellettsville, Madison, Fond du Lac, Oshkosh, Appleton, Green Bay and Menominee and would first carry only passengers and express and later mail. When asked how much longer the proposed route would take if compared with a route directly from Fond du Lac to Milwaukee and then to Chicago, Mr. Quinn said not more than 30 minutes.

NOT A STOCK COMPANY
Information brought out at the meeting was that the Royal Airways corporation is not a stock selling company and asks nothing other than they be given the use of an adequate airport at which their planes can land. An airport which had lights for night flying, refueling station, a machine shop and hangars is considered adequate. The port should contain not less than 100 acres it was said, 160 being preferred.

After completing the city of Oshkosh for the airport there, Mr. Quinn told of the accomplishments in commercial aviation in Europe. The gathering also viewed the plane in which the Madison men flew to Oshkosh.

MADISON MAN TALKS
Mr. Lindauer of Madison told how the huge 200-acre airport was acquired in that city. He said that until Charles Lindbergh visited the capital there was little sentiment in favor of airport. After his visit, interest turned the other way and steps immediately were taken to secure a field. He also discussed methods of financing.

In closing the meeting the representatives from the several cities were asked to stir enthusiasm for the air route and adequate landing fields in their cities. The plan adopted at Madison, of securing options on several sites and having the department of commerce select the best, was suggested for local application.

45 MARRIAGE LICENSES ISSUED DURING OCTOBER

A total of 45 marriage licenses were issued by John E. Hantschel, county clerk, during October according to records at the courthouse. This is exactly the same number as were issued in the same month last year. However, up to the end of October this year there have been 355 licenses issued while up to the same time last year there were but 341.

STUDENTS ARRANGE FOR TWO ENTERTAINMENTS

Two University of Wisconsin Iycum numbers will be sponsored by the students' council of McKinley school this year.

Loring Campbell, humorist, artist, ventriloquist, and entertainer, will present a Modern Arabian Night on Feb. 20.

Miss Beatrice Weller, cartoonist and entertainer, will make up the second number of the Iycum course. Her cartoon work is done on large 7-foot easels. Her subjects include the Funny Side of Life, A Woman Tells Her Age, The Next Adventure—Peace, and Oberrammergau and the Passion Play.

The date for Miss Weller's entertainment has not yet been determined but it is expected to be some time in November.

EXPECT NAVIGATION TO END THIS MONTH

L o c k s and Locktenders' Homes Are Put in Readiness for Winter Weather

Navigation on the Fox river probably will close the week ending Nov. 26, according to present indications. Boat companies on the river have been running extra night crews in an attempt to get all coal delivered to valley cities and believe they will have their task completed before the proposed closing date.

The dredges De Pere and Winneconne have been taken off the river for the winter; the former will lay up at Kaukauna, the latter at Menasha where it will be used to help construction work on the Menasha lock this winter. The dredge is used as a derick and will also serve as quarters for men employed in putting new concrete platforms in the lock. The dredge De Pere finished dredging through the local channels last Thursday.

Lock tenders houses along the river have been repaired and modern improvements installed in the last few months. The new improvements include running water and baths. New electric signal and illuminating lights have been installed on all the locks as far as Little Chute second. Electrification of all locks as far as Appleton will be completed this fall and the Menasha lock next spring.

At Portage the new lock has been completed except for the wing walls and general cleanup. This work will be finished within a short time, however.

Army officers through the valley on inspection trips during the last few weeks are Major Kingsman, district engineer in charge, and his assistant Capt. David L. Neuman, both of the Milwaukee office of the engineering department.

Oldest Altar In State Is In Kaukauna Church

The Holy Cross church at Kaukauna is the home of the oldest altar in Wisconsin, according to an article by Miss Isabella Fox of Kaukauna appearing in a recent issue of the Green Bay Historical society bulletin.

The altar was built by Antoine Mosseau for Father T. J. Van Brock when his mission at Little Chute was first established in 1838.

Miss Fox traces the history of the altar from the time it was built until it was placed in the chapel where it now stands. Father Vanden Brock, the article says, was sent into the wilds of Wisconsin, then the territory of Michigan, to work among the settlers and the Indians in 1834. His first church was a wigwag, which was replaced six months later by a rough church built from logs. A split log served as an altar during the first years of this church's existence.

Then, in 1838, Antoine Mosseau and his son-in-law, Ephraim St. Louis, came to Little Chute, and Mr. Mosseau, having been a carpenter and carriage maker in Canada, whence he came, constructed an altar and tabernacle from the fine white pine of the woods surrounding the church. After the death of Father Vanden Brock in 1851, a new church was built and the

altar presented to Mrs. St. Louis, daughter of Mosseau and mother of the Rev. Manus St. Louis, who was stationed at Plover, Wis.

His parents removed to Plover, taking the altar with them, and for a time it again did service in the church there. Later, when Rev. St. Louis was transferred to Green Bay, he took the altar with him, leaving the tabernacle in Plover, where it is still highly prized by the congregation there. When he was again transferred, this time to Iron Mountain, Mich., he gave the altar to his sister, Mrs. Alex Grignon, and it was shipped to her home near the combined locks by steamer. At Mrs. Grignon's death it passed into the hands of her daughter, Mrs. Michael Maher. When the Holy Cross church, Kaukauna, was destroyed by fire, Mrs. Maher gave the altar to Msgr. P. J. Lochmann, pastor, for use in the chapel of the school house during the erection of the church which now stands. When the new church was completed, the altar was placed in the chapel, a sacred reminder of the hardships endured by the missionary fathers in the dim and distant past.

NO REBUTTAL TESTIMONY IN RAILROAD RATE CASE

Two Appleton men, Roy C. Wort, traffic manager of the chamber of commerce and a member of the traffic committee of the Wisconsin Manufacturers' association, and Herman Krueger, traffic manager of the Riverside Fibre and Paper Co., attended a general meeting of traffic men of the association, and others interested in state traffic matters Friday at the Hotel Pfister, Milwaukee. The association sponsored the meeting.

The men decided not to prepare rebuttal testimony for the next hearing on the Western class rate investigation. Interstate Commerce Commission Docket, 17,000, and expires 87, part 2. Other discussions at the meeting were on the Hoch-Smith Docket 17,000, the investigation of which now is underway, on the application from the carriers, now pending before the Wisconsin railroad commission, for increase in intrastate rates on iron and steel and for authorization to cancel less carload lots on intrastate rates. Developments to date in the Lake-Cargo coal case were reviewed and many rate situations that affect the state in a general way were discussed at a question forum.

VOCATIONAL SCHOOL PLANS CLASSES FOR SKILLED LABORERS

Five General Phases of Foremen's Work Will Be Outlined and Studied

Special vocational training will be given foremen, men in skilled and semi-skilled production jobs, and men in power and maintenance departments if the plans of H. G. Noyes, of the Appleton vocational school are carried out. Mr. Noyes is coordinator between the pulp and paper manufacturers of the state and the state board of vocational education and for several years has itinerant pulp and paper teacher with headquarters at the Appleton vocational school.

The special training will be given to employees of pulp and paper manufacturing companies in Appleton, Eau Claire, Green Bay, Kaukauna, Marinette, Menasha, Neenah, Rhinelander, Stevens Point, Wausau and Wisconsin Rapids. Vocational schools or mills will hold the classes, depending upon the choice of the manufacturing companies.

Five general phases of foremen's work will be taken up as pointed out by the federal board for vocational education in a recent bulletin. They are courses dealing with supervision of production, managerial cost control, the training of help, necessary technical knowledge for jobs in the industry, and training which will give manual skill.

The courses will be held under the direction of vocational school authorities, with the full cooperation of the industry under direction of plant executives. Classes will be held either in the school building in the mill, or at such places as is deemed advisable by the authorities in charge.

Cost of the special training will be prorated among the local, state and federal vocational boards with the local board paying, one-eighth the cost, the state three-eighths and the federal board the remaining one-half.

Rummage Sale M. E. Church Tues. 9 A. M.

County motorcycle officers will remain on duty throughout November if weather permits. It was announced at the county highway office Wednesday morning. City motorcycle officers will remain on duty until the streets are covered by snow, according to George T. Prim, chief of police.

Last year the city motorcycle officers patrolled the streets until nearly Christmas and it is hoped that the weather will permit the same action this year. Chief Prim warned motorists that there would be no laxity in enforcing traffic ordinances.

"Didn't John look nice at the dinner!"

THANKSGIVING family gatherings are sort of an annual inventory of our relatives. If Cousin John and his wife are well-dressed at the dinner, we assume they are prospering.

Now is a good time to get your clothes in shape for the annual inspection. If you send your suits, dresses and coats to us now for a thorough dry cleaning and pressing, they will be back in plenty of time for Thanksgiving Day.

Then you'll not only be sure of your appearance, but you'll know that your clothing will last much longer. The grit and dust which destroys fabrics will all be removed.

Lay aside the garments that need attention and phone 259 for our car.

 S. S. Van Dine the narrator

peated denials, admits that Benson had a woman caller the afternoon preceding the murder. She also says that she had seen a box of jewelry on the table which has since disappeared.

NOW BEGIN THE STORY

CHAPTER XXIII

Vance walked indifferently to the window and looked out.

"I am happy to learn that you are capable of accepting such evidence as the human mind could not possibly deny."

I had always noticed, in the relationship of these two men, that whenever either made a remark that bordered on generosity, the other answered in a manner which tended all outward show of sentiment. It was as if they wished to keep this more intimate side of their mutual regard hidden from the world.

Markham therefore ignored Vance's thrust.

"Have you perhaps any enlightening suggestions, other than negative ones, to offer as to Benson's murderer?" he asked.

"Rather!" said Vance. "No end of suggestions."

"Could you spare me a good one?" Markham imitated the other's playful tone.

Vance appeared to reflect.

"Well, I should advise that, as a beginning, you look for a rather tall man, cool-headed, familiar with firearms, a good shot, and fairly well known to the deceased—a man who was aware that Benson was going to dinner with Miss St. Clair, or who had reason to suspect the fact."

Markham looked narrowly at Vance for several moments.

"I think I understand. Not a bad theory, either. You know, I'm going to suggest immediately to Heath that he investigate more thoroughly Captain Leacock's activities on the night of the murder."

"Oh, by all means," said Vance carelessly, going to the piano.

Markham watched him with an expression of puzzled interrogation. He was about to speak when Vance began playing a rollicking French café song which opens, I believe, with

"Ils sont dans les vignes les moin-eux."

(Sunday, June 16, afternoon)

The following day, which was Sunday, we lunched with Markham at the Stuyvesant Club. Vance his suggested the appointment the evening before for as he explained to me, he wished to be present in case Leander Pfyfe should arrive from Long Island.

"It amuses me tremendously," he had said. "The way human beings deliberately complicate the most ordinary issues. They have a downright horror of anything simple and direct. The whole modern commercial system is nothing but a colossal mechanism for doing things in the most involved and roundabout way. If one makes a 10-cent purchase at a department store nowadays, a complete history of the transaction is written out in triplicate, checked by a dozen floor-walkers and clerks, signed and countersigned, entered into innumerable ledgers with various colored inks, and then elaborately secreted in steel filing-cabinets. And not content with all this superfluous chicanerie, our business men have created a large and expensive army of efficiency experts whose sole duty it is to complicate and defuddle this system still further. It's the same with everything else in modern life. Regard that insupportable mania called golf. It consists merely of knocking a ball onto a hole with a stick. But the devotees of this pastime have developed a unique and distinctive livery in which to play it. They concentrate for 20 years on the correct angulation of their feet and the proper method of entwining their fingers about the stick."

Moreover, in order to discuss the pseudo-intricacies of this idiotic sport, they've invented an outlandish vocabulary which is unintelligible even to an English scholar."

He pointed disgustedly at a pile of Sunday newspapers.

"Then here's this Benson murder—a simple and incoherent affair. Yet the entire machinery of the law is going at high pressure and blowing off jets of steam all over the community, when the matter could be settled quietly in five minutes with a bit of intelligent thinking."

At lunch however, he did not refer to the crime; and, as if by tacit agreement, the subject was avoided. Markham had merely mentioned casually to us as we went into the dining-room that he was expecting Heath a little later.

The sergeant was waiting for us when we retired to the lounge-room

for our smoke, and by his expression it was evident he was not pleased with the way things were going.

"I told you, Mr. Markham," he said, when we had drawn up our chairs. "That this case was going to be a tough one. Could you get any kind of a lead from the St. Clair woman?"

Markham shook his head.

"She's out of it." And he recounted briefly the happenings at Benson's house the preceding afternoon.

"Well, if you're satisfied," was Heath's somewhat dubious comment. "What about this Captain Leacock?"

"That's what I asked you here to talk about," Markham told him. "There's no direct evidence against him, but there are several suspicious circumstances that tend to connect him with the murder. He seems to me the specifications as to height; and we mustn't overlook the fact that Benson was shot with just such a gun at Leacock would be likely to possess. He was engaged to the girl, and a motive might be found in Benson's attentions to her."

"And ever since the big scrap," Heath supplemented Heath. "These army boys don't think anything of shooting people. They got used to blood on the other side."

"The only hitch," resumed Markham, "is that Phelps, who had the job of checking up on the captain, reported to me that he was home that night from 5 o'clock on. Of course, there may be a loop-hole somewhere and I was going to suggest that you have one of your men see just what the situation is."

"Phelps got his information from one of the hall-boys; and I think it might be well to get hold of the boy again and apply a little pressure. If it was found that Leacock was not at home at 12:30 that night, we might have the lead you've been looking for."

"I'll attend to it myself," said Heath. "I'll go round there tonight and if

this boy knows anything, he'll spill it before I'm through with him."

We had talked but a few minutes longer when a uniformed attendant bowed deferentially at the district attorney's elbow and announced that Mr. Pfyfe was calling.

Markham requested that his visitor be shown into the lounge-room, and then added to Heath:

"You'd better remain and hear what he has to say."

Leander Pfyfe was an immaculate and exquisite personage. He approached us with a mining gait of self-approbation. His legs, which were very long and thin, with knees that seemed to bend slightly inward, supported a short bulging torso; and his chest, curved outward in a generous arc, like that of a pouter-pigeon.

His face was round, and his jaws hung in two loops over a collar too

tight for comfort. His blond sparse hair was brushed back sleekly; and their ends of his narrow, silken mustache were waxed into needle-points. He was dressed in light-gray summer flannel and wore a pale turquoise-green silk shirt, a vivid foulard tie, and gray suede oxford shoes. A strong odor of oriental perfume was given off by the carefully arranged batiste handkerchief in his breast pocket.

He greeted Markham with viscid urbanity and acknowledged his introduction to us with a patronizing bow. After posing himself in a chair the attendant placed for him, he began polishing a gold-rimmed eye-glass which he wore on a ribbon and fixed Markham with a melancholy gaze.

"A very sad occasion, this," he sighed.

"Realizing your friendship for Mr. Benson," said Markham, "I deplore

LAWRENCE PROFESSOR TO TEACH ON COAST

Albert A. Trevor, professor of history at Lawrence college, has been appointed to the faculty of the 1928 summer school session of the University of Southern California at Los Angeles. He will teach three classes—History of the Roman Empire, Greek civilization, and Medieval civilization.

Prof. Trevor will be a member of the faculty of the "floating university" which will leave New York in September, 1928.

the necessity of appealing to you at this time. It was very good of you, by the way, to come to the city today."

(To Be Continued)

The port of Duluth and Superior is the second largest in the United States, and handled nearly \$6,000,000 tons of freight last year.

PARTIES SOCIAL AND CLUB ACTIVITIES MUSIC

Mission Club Holds Party On Birthday

Members of the Womens Home Missionary society of First Methodist church will be entertained at a jubilee party at 3 o'clock Tuesday afternoon at the home of Mrs. N. H. Brokaw, 210 S. Union-st. Mrs. George Nixon and Mrs. Edwin S. Godfrey will sing several selections. Officers of the society will preside at the tea table.

The party will be given in honor of the fiftieth anniversary of the founding of the Home Missionary society. Officers are in charge of arrangements: Mrs. A. G. Remley is president; Mrs. W. L. Crow is first vice president; Mrs. J. H. Griffith, second vice president; Mrs. Margaret DeLong, recording secretary; Mrs. Roy Davis, corresponding secretary; Mrs. C. D. Thompson, treasurer; Mrs. Anna Fenton, assistant treasurer; Mrs. A. E. Dector, magazine secretary; Mrs. W. E. McPheters, church offering secretary; Mrs. G. H. Murphy and Mrs. J. J. Seales, supply secretaries; Mrs. J. H. Tippet, title box secretary; Mrs. Margaret Nicholson, stewardship secretary; Mrs. L. G. Phillips, superintendent of Queen Esther and Mrs. O. A. Mead, superintendent of Mother's Jewels.

MISSIONARY TO INDIANS TALKS AT MEETING HERE

Miss Isabel Crawford, representing the Board of the Woman's American Baptist Home Mission society, will give an address on the Baptist work among the Indians Tuesday evening at First Baptist church. Miss Crawford was brought here under the auspices of the Womens union of First Baptist church.

Miss Crawford was appointed by the board of the Woman's American Baptist Home Mission society to the field of work among the Indians in 1903 following her graduation from the Baptist Missionary Training school. She spent nearly eight years among the Kiowas at Elk Creek and the Saddle Mountain, Okla., and later was transferred to Red House, N. Y. She has written a book called, "Kiowa" in which she tells the story of her early field.

A. A. U. W. HEAR HISTORICAL TELL OF EARLY DAYS

Miss Louise Phelps Kellogg of Madison discussed the early history of Wisconsin before the American Historical association and of the Mississippi Valley Historical association.

Senior girls of Lawrence college were guests at the meeting. A meeting of the executive board of the association was held after the regular session. Plans were discussed for the year's program. The next meeting will be held the second Saturday in December.

START COURSE IN SCOUT DIRECTION

Miss Alice Kirk, regional director of the National Girl Scouts, will begin instruction in the Girl Scout leadership training course at 7 o'clock Monday evening at Alexander grammar school. The course will be given in conjunction with Lawrence college. Any one who is interested in girls may attend.

MISS BRAINARD PLAYS RECITAL IN COLLEGE HALL

Miss Gladys Ives Brainard, teacher of piano at Lawrence Conservatory of Music, will play at a recital at 8:20 Thursday evening in Lawrence Memorial chapel. Miss Brainard has taught at the conservatory since 1919. She recently studied in Paris with Wanda Landowsky, noted pianist and pianist. This training included a thorough discipline in musicianship in addition to a period of vocal study under L. A. Tarrens of New York and Frank King Clark of Berlin. She has had the advantage of study and association with some of the foremost teachers and artists, including William Sherwood, Victor Heine, Josef and Rosine Lhevinne, Glen Dillard Gunn, Howard Welles, Arthur Shattuck, and Leopold Godowsky.

Miss Brainard has appeared as soloist with the Minneapolis, Milwaukee, and New York Symphony orchestras.

CLUB MEETINGS

Twenty-two members of the Congregational Students club attended the international meeting Sunday evening at First Congregational church. The club is composed of Congregational students attending Lawrence college. Dr. Louis Baker, professor of Romance languages at the college discussed the subject from the French standpoint and Mr. Owatonna discussed the subject from the Japanese standpoint. A musical program was given by Miss Muriel Swaboda.

Mrs. E. B. Goehner, Bellave-st., will be hostess to the General Review club at 2:30 Tuesday afternoon. Mrs. Werner Witte will have charge of the program and will give a paper on the opera, "Aida."

The Tuesday Schafkopf club will be entertained at 2 o'clock Tuesday afternoon at the home of Mrs. Charles Schulze, E. Summer-st. Schafkopf will be played.

Women of Mooseheart legion Tuesday afternoon club will hold a regular social meeting at 2:30 Tuesday afternoon in Moose temple. Bridge and schafkopf will be played.

Mrs. Arthur Wetzel, W. Franklin-st., will be hostess to the Four Leaf Clover club at 2:30 Tuesday afternoon Schafkopf will be played.

CARD PARTIES

An open card party will be given at 8 o'clock Wednesday night at St. Joseph hall by the Christian Mothers society of St. Joseph church Schafkopf, bridge, cinch, plumpack and dice will be played. Lunch will be served. Mrs. A. J. Theiss is chairman of arrangements for the party.

Cards and dice were played and prizes were won by Mrs. Harvey Kunstman, Mrs. Charles Boffman, Lorena Zuehlke and Harvey Kunstman. Among the guests were Mr. and Mrs. Elmer Dellinger, Mrs. Charles Bierman, Mr. and Mrs. Harvey Kunstman, Mr. and Mrs. Ervin Kunstman, Mr. and Mrs. Ted Jens, Ferdinand Jens, Hilda Jens, Mr. and Mrs. Fred Kunstman, Mrs. Haterbeck, Lorena Zuehlke, Emily Mattler, Mr. and Mrs. Peter Christie, Mr. and Mrs. August Dreier, Harold Bierman, Mr. and Mrs. Cyril Kronschnabel of Oshkosh.

Mr. and Mrs. John Knaberbauer, 1208 S. Jefferson-st., were surprised by a group of friends Sunday night in honor of their twentieth wedding anniversary. Prizes at schafkopf were won by Anton Herman, Harry Smith and John Doro and at plumpack by Mrs. Anton Herman, Mrs. John Knaberbauer. The guests included Mr. and Mrs. William DeYoung and family, Mr. and Mrs. John Doro, Mr. and Mrs. Herman Meinberg, Mr. and Mrs. Andrew Herman, Mr. and Mrs. Anton Herman, Mr. and Mrs. Harry Smith and family, Mr. and Mrs. Clifford VanderLinden, Mr. and Mrs. John VanderLinden, Mr. and Mrs. Charles Gosse, Mr. and Mrs. Peter Jacobs, Mrs. Anton Stadler, Mrs. John Lewandowsky, Mr. and Mrs. Fred Lynch, Mrs. Victor Leisch and Rudolph Herman.

The choir of the First Methodist Episcopal church of Green Bay entertained at a dinner Friday evening at the Conway hotel. About 25 were present.

Miss Helen Dunkel, Badger-ave., was surprised by 16 friends Sunday evening at a costume party. Games and dancing furnished entertainment. Prizes were won by Evelyn Schultz, Hallice Schell and John Doberstein.

CHURCH SOCIETIES

Circle 11 of the Womens association of First Congregational church will meet at 2 o'clock Tuesday afternoon at the home of Mrs. C. K. Boyer, 217 S. Alton-st. Mrs. J. J. Bohne is captain of the group. This will be the last meeting of the office for the year. The circle will finish up its sewing for the bazaar.

A regular meeting of Circle No. 4 of the Womens association of First Congregational church will be held at 2 o'clock Tuesday afternoon at the home of Mrs. Maude Gribbler, 407 N. Oneida-st. Sewing for the Christmas bazaar will be completed. Miss Estel The Womans auxiliary of All Saints

The Womens auxiliary of All Saints church will meet at 2:30 Tuesday afternoon at the home of Mrs. L. H. Moore, 122 N. Union-st. Plans for the Christmas mission box will be discussed. This will be the regular monthly business meeting of the auxiliary.

Prof. John B. MacFarquhar of Lawrence college will give an illustrated lecture on Pioneer Days of New Mexico and Arizona at the meeting of the Brotherhood of First English Lutheran church at 7:30 Tuesday evening at the church. A short business meeting will be held before the address.

A meeting of the executive committee of the L. E. club of First Methodist church will be held at 7:30 Tuesday evening in the John McNaughton room at the church. Special business will be discussed.

The regular meeting of John McNaughton class which was scheduled for Tuesday has been postponed because of the party to be given for members of the Womens Home Missionary society. The class will meet next Tuesday.

HONOR COUPLE WED FIFTY-FIVE YEARS AT PARTY

Mr. and Mrs. H. C. Schneider, Jr., entertained relatives at their home at 996 W. Lorraine-st. Sunday afternoon and evening in honor of the fifty-fifth wedding anniversary of Mr. and Mrs. Herman Schneider, Sr. W. Harris-st. The afternoon and evening were spent in playing cards and informally. A dinner was served at 6 o'clock.

Guests were Mr. and Mrs. Herman Schneider and daughter, Margaret; Mr. and Mrs. E. F. Schneider and daughter, Shirley; Mr. and Mrs. John Mackprang of Chicago; Mr. and Mrs. William Mackprang and daughter, Lorraine of Chicago; Mrs. Minnie Eich and children, Agnes, Gertrude, Walter and Herbert, Chicago; Mr. and Mrs. Henry Schneider, Sr.; Mr. and Mrs. Henry Schneider, Jr.; Miss Sylvia Schneider and Alvin Schneider.

TWO ODD FELLOWS AT DISTRICT MEET

Two members of Konicmic lodge of Odd Fellows, E. C. Smith, secretary and Henry Hansen, noble grand, attended the joint meeting of districts No. 19 and 20 Saturday at Chilton. Mr. Smith is district secretary of District No. 19.

Oscar Stegeman of Milwaukee, grand representative and past grand master was present at the meeting. Officers of the two districts met for a business session Saturday afternoon. Members of the Rebekah lodge at Chilton, served a dinner at 6 o'clock after which members of the two districts met for a business meeting. The Chilton lodge conferred the initiatory degree on a class of candidates. The next meeting of lodges in Districts No. 19 will be held Dec. 3, at Oshkosh, it has been announced.

GEENEN'S
Gifts To Make Quickly

Since gifts are tokens of personal esteem, it is natural that personally planned presents made-by-hands are popular. A great many novel gifts, quickly made, charming in design, can be made at a very small price. The few that are illustrated here are companions of hundreds of others in the new McCall Needlework and Decorative Arts Book. Now on sale in our Pattern Department for 25c.

McCall Transfer Pattern 1611
Not only poppies, but all kinds of flowers will bloom under your hands, cut from crepe paper according to the pattern and waxed.

McCall Transfer Pattern 1577
Painted handkerchiefs are very fashionable. The design is stamped on the silk. Quaint figures and border designs, and of course, there are scarfs and shawls also to be painted.

McCall Transfer Pattern 1481
Criss-stitch silhouettes are being made nowadays to use under glass trays or to frame and hang on the wall.

McCall Transfer Pattern 1468
Decorated hangers, shoe trees and a hat pedestal to match make a very attractive gift especially if one likes to wield the paint brush.

McCall Transfer Pattern 1617
The catie comes with the pattern for these appliqued and embroidered tea cloths. They are new.

McCall Transfer Pattern 1601
Felt appliques—in the brightest and most beautiful colors afford a new variation for card table covers. Felt included.

McCall Transfer Pattern 1553
Did you every try to decorate glass? There are many suggestions for decorated glass for the table or for toilet articles.

And More
We can't begin to tell you how many more attractive suggestions for gifts there are in the new Needlework and Decorative Arts. The book is full of them. You will find also most attractive ideas for home interior decoration as well as smart trimmings for dresses, linens, blouses and all sorts of accessories that are all "of this season."

Post-Crescent Doubles Its Circulation

In Less Than Eight Years — 7,000 In 1920 —

**and
now**

14132

*Net Paid Daily Average
for Month of October*

A Greater and Cheaper Advertising Medium Than Ever Before

IN the greater Post-Crescent advertisers will recognize a more valuable and yet cheaper advertising medium than has ever been made available to them in Appleton. In the same period that the circulation of the Post-Crescent has doubled its advertising rates have increased less than 65%. Therefore a more thorough coverage at a lower rate per subscriber than ever before. This growth should mean even more to advertisers. A newspaper which is successful in selling itself to the families in their homes is always the most effective advertising medium for selling the wares of merchants to these families.

There is no black magic to Post-Crescent advertising. You will be interested in hearing the story of Post-Crescent advertising successes from one of our advertising men. And best of all—it does not require a great deal of money.

An advertising campaign, intelligently planned, with a reasonable service by the merchant and merchandise at an attractive but profitable price, presented to the rich responsive central Fox River Valley through the columns of the Post-Crescent cannot be other than a success.

"ENERGY," HUGE BRONZE FIGURE, GUARDS BIG BANK

Panels at Feet of Statute Hide Guns to Be Used in Case of an Attack

Cleveland, O. —(AP)— "Energy," the huge bronze figure of a man beside the doorway to the Fourth Federal Reserve bank building in Cleveland, has all the appearance of a friendly workman taking a needed rest.

But his smiling face is a shield behind which lies protection for the bank's runnings of money that are stored in the vaults behind his broad back.

Were there an attack on the bank, the panels at the feet of the statue would swing back and the noses of a row of vicious looking one-pounders would be disclosed ready to bark from beneath "Energy's" feet.

There are other innocent looking statues in front of the big building that are camouflage for the muzzles of guns put there to protect the gold stored in the bank. As much as \$600,000,000 has been held at one time in the vaults.

Designers of the building say the statue of "Energy" is the only one decorating a federal reserve bank in the United States which combines beauty with the sterner requirements that might follow in the wake of revolution or a major catastrophe.

Nothing short of a mass attack on the building, however, would bring to the surface the belligerent side of "Energy's" nature, and he probably will finish his days without showing his temper.

"Miss Security" and "Miss Integrity," marble maidens who stand on either side of another entrance to the structure, also would be in the thick of defending the stored treasure, if necessary. Behind each, in the walls of the building, are removable granite slabs which make way for the muzzles of guns.

Just inside the walls of the building, and extending around all four sides, is a steel-lined hallway. On the inside, port holes command the interior of the building and removable panels in the outer wall permit a raking fire on the streets below.

Under the eye of armed guards is a "security court" into which armored trucks, used in transporting money to and from the banks, are driven. Every square inch of the court is within the range of fire from some part of the protected corridor.

Skat party every Tues. nite at Nebbefeld's Hotel, Fourth Ward. Cash prizes.

Rummage Sale at Moose Temple, Thursday, Nov. 17, 9 o'clock.

More Farmers Sending In Farm Dinner Reservations

Farmers of Outagamie-co, who will be unable to reach Appleton before Thursday evening for the fifth annual farm festival and goodfellowship dinner at First Methodist church, are bringing their basket lunches at that time, according to Hugh O. Corbett, secretary of the chamber of commerce.

Mr. Corbett had urged all of the farmers to get their baskets to the church in the afternoon, but this merely was to avoid congestion in the evening in case all decided to bring their food at that time. He had received many calls from anxious farmers who could not get in until evening, asking how they could handle their baskets.

More than 250 reservations already are in for the dinner and festival and not more than 400 can be taken care of.

Farmers are invited to use this coupon to make reservations:

CUDAHY SCHOOL FIGHT MAY GO INTO COURTS

Milwaukee —(AP)— Settlement of the school controversy in Cudahy, a suburb, which precipitated a strike of almost 400 pupils of the high school and upper grades, may be left to the courts. It was indicated today, when a delegation of teachers and parents of the strikers returned from a conference with John M. Callahan, state superintendent of schools.

According to Mr. Callahan, the quarrel with the school board which ousted Supt. Edward C. Seifert is of local concern and not subject to consideration by the state board of education. The superintendent was summarily dismissed for "insubordination" and a score of lesser grievances cited by the new school board.

A call was issued today for a mass meeting tomorrow night of all parents of the striking pupils. At this meeting it is expected action will be taken to remove members of the board who voted for Mr. Seifert's dismissal on the grounds that they have not the interest of the city at heart because they just recently became residents.

Malfeasance of office and a score of other charges will be discussed at the meeting.

HOLD DAILY PRAYER MEETING IN "Y" LOBBY

Employed officers of the Y. M. C. A. are observing the National Week of Prayer, which started Sunday, with a short prayer meeting each morning. The topic for the week is We Would See Jesus and each day a passage from the Scriptures along the line of the main topic is used.

Lawrence college students also will use topics of the week for their morning chapel devotions each day.

Report Stolen Car

A reward of \$25 is offered for recovery of a Buick sedan, 1927 model, stolen at Fond du Lac, last week, according to a report received at the Appleton Police department Monday morning. The machine had the motor number 1856290.

ARTICLES DEDICATED TO APPLETON PEOPLE

Irving Scherke, art critic for the Paris edition of the Chicago Tribune and European representative of the Musical Digest, has written a book entitled "King's Jazz and David," which has just come off the press.

The book contains a collection of his articles, which have appeared in the various periodicals of America and Europe. Each article is dedicated to one of his friends. Some are dedicated to Mary Garden; Queen Marie of Roumania; his mother, Mrs. Emma Scherke, 320 E. Wisconsin-ave; and Prof. A. L. Franke of Lawrence college.

Mr. Scherke also is Paris representative for the Musical Quarterly and contributor to other leading musical periodicals.

STAGE And SCREEN

COMEDY, ACTION AND GRAND OPERA IN "BECKY"

Comedy, melodrama and grand opera are as widely divergent as any types of drama, but John F. McCarthy, who directed Cosmopolitan's "Becky," now playing at Fischers Appleton Theatre, has succeeded in combining the three without in the least permitting them to clash.

The effect is all the more startling since the magnificent jewel scene of Gounod's "Faust" is dissolved into the midst of a comedy scene, in which Sally O'Neil, as the shopgirl heroine, imagines herself a prima donna in the role of Marguerite.

The film actress sings the famed

Liquor and Drug Treatment

Thousands of Liquor and Drug Users Have Been Permanently Freed by Dr. Keeley's Famous Treatment.

During the last fifty years thousands upon thousands of hopeless liquor and drug addicts have been completely restored by the World Famous Keeley Liquor and Drug Treatment.

Men and women from all walks of life are sent or brought by friends, relatives or employers to the Keeley Institute at Dwight, Illinois. They take the Keeley Treatment, and after a few pleasant days they go their separate ways with no more desire for drink or drugs than if they had never used them. All cravings are entirely vanished—self-reliance and will power completely restored. There are no restraints, no bad after effects, very moderate cost. Pleasant surroundings—an enjoyable vacation.

Write today for full particulars. All correspondence is strictly confidential. Do not permit your loved ones or trusted employees to continue taking chances with the poisonous, deadly so-called liquor of today.

Write P. F. Nelson, Secretary.

Keeley Institute
Dwight, Illinois

Jewel Song as she drops to her knees in the shabby boarding house room, which dissolves into a magnificent stage setting from "Faust," in which she completes the rendition of the song, magnificently costumed as the opera's heroine.

The sincerity of the girl's efforts to sing preserves the operatic dissolve from degenerating into comedy and the fade-black is accomplished in a manner which gradually places her

back into a comedy situation without in the least permitting a clash between the two dramatic efforts.

"Becky" is based on the Cosmopolitan newspaper serial from the pen of Baynor Selig and is interpreted by an all-star cast headed by Miss O'Neil and Owen Moore. The latter is seen in the role of Dan Scarlett, a New York crook regenerated by his love for the girl.

Gertrude Olmsted and Harry Crocker are seen in principal roles, the former as a society girl in love with

a crook and the latter as her brother and idol of the little shop girl.

Moore recently played the male lead with Pauline Starke in "Woman Love Diamonds" and Harry Crocker played one of the principal male roles in support of Marion Davies in her recent "Cosmopolitan" starring vehicle, "Tillie, the Tailor." Buck Swain and Claude King are members of the cast of "Becky."

Dance at Falcon's Hall, Menasha, Tues., Nov. 15.

SATURDAY GAMES
Carleton 13, Coe 12
Cornell 6, Knox 0
Ripon 19, Beloit 0

The orange-clad Pioneers of Carroll college, led by a "human steam roller," one Herb Bizer by name, who plays at fullback, made easy prey of their old rivals, Coach Mark Catlin's Lawrence college Vikings, in the homecoming game at Waukesha Saturday.

They flung themselves on the Catlin guards, gnawed viciously at the ends as they swept maddly on to a decisive triumph by a 40 to 0 score. It was the most overwhelming victory ever won by a Carroll eleven at the expense of Lawrence, and marked the Pioneers' fifth win in twenty seasons of competition against the Blue. Only a small crowd of 3,000 people witnessed the struggle.

When Little Northwestern of Watertown gave the dope bucket a hard kick by tripping Lake Forest, 12-6, Carroll's win over the Blue practically clinched the third straight Wisconsin conference title for the Pioneers.

Lake Forest was the only other unbeaten conference eleven beside Carroll. The Lutheran vic also tied that team for last place in the loop for the season with Lawrence.

HAVE MANY INJURIES
In justice to the Lawrentians, it must be said that they were greatly handicapped by injuries. Bartell, whose outstanding defensive work during the first quarter undoubtedly was the big cog in keeping Carroll from scoring in that period, had to be carried from the field as the whistle blew ending the quarter.

St. Mitchell, regular end, sat on the sidelines throughout the game, with a bone fractured in one hand; Brusat, who was the core of the Catlin offense in its victory over Beloit two weeks ago, got into the fray for only a few minutes, while Schauer had to be shifted from guard to center because Kittelson, regular pivot in a hospital with a crushed vertebra in his neck.

The score is an honest measure of the difference in strength between the two teams that actually battled. Had Catlin been able to start his complete regular line up against the Pioneers, however, the margin unquestionably would have been much smaller. The victory would still have been Carroll's, there is no doubt about a marvelous combination, but it most certainly would not have been as decisive.

In the final quarter of the tussle, the completion of almost every play found a Lawrence player knocked out, and before the game was over Captain Ott had to be carried from the field with a badly banged up leg; Krohn was taken out because his shoulder had been injured; Ellert and Wiesand were removed because of hurts, and Gelbke got several jolts that weakened his effectiveness.

While the Viking combination was functioning as raggedly as ever it has functioned this season, the Carroll machine was working with clock-like smoothness.

The Pioneer forward wall opened holes in the Lawrence line consistently, and often large enough to permit passage through of the proverbial haywagon. Its backfield was a marvel of perfection. Bizer, who towered up like a mountain above the rest of the players on the field, clicked off gains of five, eight and ten yards every time he hit the Lawrence line, sliding just off tackle and carrying in and three yards before he was rounded. And when he wasn't doing that, his running mate, Snyder was hurling passes for Bizer to catch, or Lange and Lund were skirting the Lawrence ends for gains that also helped.

This combination of Bizer and Snyder have no business at Carroll. They are unquestionably Big Ten conference material and would add strength to many of the backfields in football's leading eleven. Snyder threw all sorts of passes, short and long, and medium, and Bizer catches them. He runs like a cat and they were caught under surprising circumstances Saturday, and that they were effective only a glance at the statistics of the game will decide. Out of twenty-one passes attempted, Carroll completed an even dozen, for a total gain of 177 yards—and while on the statistics, it may be of interest to remark that the Pioneers scored 26 first downs to one for Lawrence.

In fact, the Vikings carried the ball only ten times throughout the contest, losing most of the time on Jessup's kicking, which was with only one exception, first class, and in the first period, better than that of Lund for Carroll, to stem the tide.

Carroll scored three times in the second quarter, twice in the third period and once in the final quarter. The Pioneers had a chance, but missed it, to score in that first period when, on the first play, after Carroll had kicked off, the Vikings umbled, giving Carroll the ball on the ten yard line. Bizer and Lund took it to the forward line where Lange failed in his attempt to go over.

Shortly after the opening of the second quarter a barrage of line bucks and passes gave Carroll its first score, Bizer taking the ball over tackle for the count. Lund placekicked for the extra point.

800 PEOPLE ATTEND RURAL SCHOOL FAIR

Black Creek Community Festival Is Declared Big Success

More than 800 persons attended the community festival at Black Creek Friday afternoon and evening. The fair was conducted by a special committee of citizens and members of the school boards of the various districts under a plan suggested by A. G. Meating, county superintendent of schools and R. A. Amundson, county agricultural agent.

The purpose of the fair was to create a relationship between the school, pupils and parents and to interest the rural school children and give them training in selecting fair exhibits.

Each school in the Black Creek district had a booth in which were displayed samples of school work and farm exhibits. The exhibits were selected by the children. Prize winning booths were as follows: First, Black Creek Graded school; Miss Mildred Thoni, teacher; second, Sunnyview school Muriel Smolk, teacher; third, Blue Star school, Miss Dorothy Smith, teacher; fourth, Fairview school, Evelyn Solie, teacher; fifth, Hillway school, Muriel Smolk, teacher; third, Cloverdale school, Agnes Junk, teacher seventh, Binghampton school, C. J. Diekhoff, teacher.

Judges were: W. P. Hagman, principal of the County Rural Normal school; R. A. Amundson, and Miss Phillips.

The exhibits were judged in the afternoon and great crowds of people viewed the displays. The prizes were awarded in the evening following a program which the schools of the district cooperated in presenting. Following is the program:

- Pulling Sam's Tooth, Binghampton school.
- Artistic Sewing Circle, Black Creek school.
- Buying Eggs, Cloverdale school.
- Unselfish Service and Memories, Fairview school.
- Melody Mads, Black Creek school.
- Letting the Old Cat Die and Thanksgiving Day, Cedar school.
- The Beantown Choir, Blue Star school.
- Ten Little Indians and Almost Beyond Endurance, Hillway school.
- School Days and The New Church Organ, Sunnyview school.

13 FIRES CAUSE \$700 LOSS IN OCTOBER

Thirteen fires with a loss of approximately \$700 are reported by Louis Mc Gillan, secretary to Fire Chief George P. Mc Gillan, in his monthly report for October. Spontaneous combustion was the cause of three fires while each of the following causes were responsible for one run by the department: Sparks from chimney; unprotected smoke pipe through partition; bonfire, oily rags; short circuit in auto; burning leaves; overheated brakes on car; overheated furnace; chimney.

Hey and W. Van Hout: Robins-G. Mader, captain; W. Sarrison, S. Vander Veiden, D. Huntington, and E. Welhouse: Orioles—W. Courchane, captain; R. Cavil, J. Hanges, P. Valenlyn and C. Vander Paas.

One Skinny Man Gained 28 Pounds

"Feels Like a Real Man Now—Thanks to McCoy's"

That's just what one man wrote from Atlantic City and thousands of men and women know by experience that McCoy's Tablets. Known the world over as the great flesh producer, do not put on flesh where flesh is most needed.

It doesn't take but a few weeks for hollows in cheeks, neck and chest to fill out and what a change for the better this will make in your personal appearance.

And besides looking better you'll feel better for in McCoy's Tablets is a combination of health building agents that increase strength and bring vigorous health to weak run-down nervous men and women.

McCoy takes all the risk—Read this ironclad guarantee. If after taking a sixty cent box of McCoy's Tablets or 2 One Dollar boxes any thin, underweight man or woman doesn't gain at least 5 pounds and feel completely satisfied with the marked improvement in health—your druggist is authorized to return the purchase price.

The name McCoy's Cod Liver Oil Tablets has been shortened—Just ask for McCoy's Tablets at any drug store in America. adv.

Avoid Blood Poisoning By Keeping In Good Health

Madison—Good health is the greatest combatant of blood poisoning. Germs of poisoning may enter the body through the smallest pin prick, but if the body is healthy, the ravages are often quickly checked by the purity of the blood itself. A person reduced by exhaustion hasn't the chance to throw off the poisons that a normal healthy individual has.

These are conclusions announced by the educational committee of the State Medical society in a bulletin discussing the causes of blood poisoning. By careful attention to scratches and wounds the fatalities from this source could be reduced two-thirds, the statement declares.

"Blood poisoning is always due to germs, but medical science can now say more than that," declares the Medical Society's bulletin. "Unless one is very sickly only unusual poisonous types succeed in causing real blood poisoning. One particularly mean type looks, under the microscope, like a chain of tiny beads and has the ability to produce a poison that unless one gets a huge number of some very poisonous type through some accident let us say a cut, or nail puncture, the bacteria do not usually get enough of a hand start to cause blood poisoning."

The normal person's blood is able to bring to the part of the body injured such good reinforcements in the way of food, and special blood cells which are able to eat and digest germs making them harmless, and by other more complicated ways, that though the bacteria fight their best to keep alive and grow they soon lose out. When it takes some hours to kill them, a small abscess or boil may be the only result.

"The better your general health, the better will your blood be able to protect you. But even a very strong person is less able to resist these little enemies when he is exhausted by hard exercise. Germs easily killed off after a few hours rest may make a serious condition if they get into the system at the peak of exhaustion. President Coolidge's son died of blood poisoning, the bacteria infecting a blister on his toe, just after a hard tennis match. It is also harder for the body to overcome germs where there are several types together in the injured place. In fact, we now know that the bacteria which causes lockjaw, the tetanus bacillus, is harmless unless other types of bacteria are also present. And finally, should a small abscess form but because it is under such a firm skin as the sole of the foot or behind a tooth, be unable to reach the surface and so get out of the system, there is more danger of the poison setting into the blood."

"Deaths from blood poisoning can easily be cut down to under a third the present number on the basis of the speech classes to continue for 12 weeks are promoted by the safety division of the Milwaukee association of commerce."

As finished speakers the firemen will address school children on fire prevention and also will be assigned upon occasion to address meetings of civic organizations and other bodies.

The second of four bi-weekly sessions of the fire prevention school of the fire prevention section of the safety division is to be held Tuesday at the public museum auditorium. More than 1,500 have enrolled, principally fire inspectors, safety and production engineers, employment and industrial relations managers, stationary engineers, members of plant fire departments, safety committees, special and private watchmen, and others designated by employers.

Chief Peter Steinkeller of the fire department will speak on "Principal Causes of Fire," and David J. Price, Washington, on "Dust Explosion Hazards in Fire Fighting."

YOUR QUESTION AND ITS ANSWER

By J. A. PANNECK, D. C., Palmer Chiropractor

QUESTION: What percentage of your cases get well under Chiropractic adjustment? I have been informed thru my friends that a large percentage of pronounced incurable cases respond to your method. I would like to know what per cent do get well.

ANSWER: The chronic cases approximately 60 per cent, in acute cases 95 per cent. The following may be beneficial to you if you will read and learn: the "marvelous" recoveries thru Chiropractic, from a multitude of chronic diseases of the lungs, stomach, heart, kidney, bowels in fact, affections in every part of the body, are quite generally known. Due to the fact that in the beginning of the science, people with chronic conditions turned to Chiropractic as "the last resort" after all other methods and failed, thus Chiropractic has been established thru success in mastering those chronic ailments, to wit: such that were classed as incurable by the old school of doctors.

In some sections the public as a whole, as yet, are not aware of the fact that Chiropractic is efficient in acute diseases—such as Flu, Pneumonia, Bronchitis, Pleurisy, Measles, Scarlet Fever, Whooping Cough, Appendicitis, Colds, etc.

To convey some idea of Chiropractic efficiency in acute diseases, as an example, we will mention Pneumonia—that dreaded disease—under our care. If taken a reasonable time after the onset, this disease is checked in from 12 to 48 hours and before that which day crisis, waited for with such anxiety, the patient is convalescent.

If you do not understand how Chiropractic can accomplish health restoration I will be glad to explain fully. I make no charge for consultation. When sick or ailing consult.

U. S. Survey Shows 16 Sets Requiring Batteries or Socket Power Attachment, to 1 A. C. Set on Hand

A SURVEY made by the department of Commerce under the direction of Marshall T. Jones, shows that there are something more than 600,000 sets for battery operation in the hands of dealers throughout the country and only 38,000 A. C. sets—a ratio of about 16 to 1. The Batteryless sets and power amplifiers are among the chief advances in the offerings to the public this year.

The above report should be helpful for you to decide what Radio to buy this year.

The R. C. A. BATTERYLESS RADIOLA MODEL 17 is This Year's Outstanding Achievement in Radio

APPLETON and NEENAH

All sets requiring Batteries or socket power attachments will now be reduced in price.

JACK LOCKWILL'S FOREST RANGERS

She declared, in spite of their protests, that she knew the way now and that there was no danger she would lose herself again in the woods. "There goes a little thoroughbred," remarked McNally, regretfully watching the slim form of the departing girl. "And it's up to us to be going, too, as soon as we can," said Darling. "I believe you're right," admitted Jack.

No time was wasted in striking camp and packing to move. "We won't find another place like this," said Jack, looking back at the waterfall from the edge of the glade.

They paused to rest, some time later, at the border of a desolate "slash"-heaped clearing. "Listen!" adjured Lockwill. "I hear a dog. He's running a deer."

Faintly at first, from far away, the baying of a hunting dog came through the great forest. "Maybe he's after the white deer," muttered Darling. Nearer, louder and clearer became the clamor of the dog. "He's hot on the heels of the quarry!" said Jack, his nerves tingling. "Watch out, fellows!" Within a few minutes, the snowy buck broke into the clearing. (To Be Continued)

LITTLE JOE

ALL OF US DON'T FALL AS EASY FOR WINTER WEATHER AS SNOW DOES.

THE NUT CRACKER

"I guess I'll bid just seven hearts. The players heard him say. Then both opponents passed just as His partner passed—away. A silk hat perched upon his head, And frankly it looked sweet. A flock of youngsters spied it. Now it's lying in the street. The train was coming down the track. There was a loud krrunk. What used to be an auto, now Is just a pile of junk. She bought a cheap umbrella. 'Twas A foolish thing to do. Although it kept the sunshine out, It let the rain come through.

KAWMEN SATISFIED WITH FIRST YEAR IN SCHOOL CONFERENCE

Defeat by Heavier Appleton Team Has Not Disheartened League Champions

Kaukauna-Kaukauna High school closed a highly successful football season on Saturday. The Orange and Black captured the first Northeastern Wisconsin Athletic conference championship and has the record of being the only undefeated school in the fifteen members in the conference. The season ended with a record of four wins, one tie and two losses, the losses being to Oshkosh and Appleton. Two larger schools and members of the strong Fox River Valley conference. Oconto tied Kaukauna in the first conference game of the season. This battle was played in an ocean of mud and neither team was able to score although the Kawmen outplayed the northern footballers through most of the game.

The Alexandermen scored 104 points and Oconto scored against their 46 of which were made by the two Fox River Valley conference opponents. In its own conference the Kaws ran up a total of 98 points in five game while Menasha was the only school able to score against the "Galloping Ghosts." Kaukauna is undefeated on its home field while it lost two, tied one and won one in four games played away from home. Although the Orange and Black school had a team that stood head and shoulders above the other contenders in the conference and school in the class it was far too light to buck up against the heavier squads from the senior conference. The "Galloping Ghosts" showed their mettle in the first game of the season against Oshkosh when the Kaws scored a touchdown after the Sawdust City team had scored three touchdowns and all the fight should have been taken out of the Electric City footballers.

Saturday the squad ran up against a much heavier and stronger team and the result is shown in the score. The Fox River Valley conference team's superiority is shown by Manitowish's 19 to 0 win over Two Rivers on Saturday. Manitowish has one of the weakest teams in the senior conference, while Two Rivers was one of the leading contenders for the Northeastern Wisconsin title. The Kaukauna High was able to hold the Lawrence college Frosh to a 12 to 6 score while the same team defeated Kenosha on Saturday 7 to 6.

Kaukauna's record for the season is as follows: Oshkosh, 25; Kaukauna, 14; Kaukauna, 6; Oconto, 6; Kaukauna, 6; Kaukauna, 6; Kaukauna, 26; Shawano, 0; Kaukauna, 31; Neenah, 0; Kaukauna, 27; Two Rivers, 0; Appleton, 21; Kaukauna, 0.

Social Items

Kaukauna - A regular meeting of the Kaukauna branch of the Catholic Knights of Wisconsin will be held at 7:30 Tuesday evening in the south side Forester hall. A social hour will follow the business meeting.

Electric City chapter of De Molay will entertain at a dancing party at the Elks hall on Wednesday evening, Nov. 23. Music will be furnished by an Appleton orchestra.

The Rev. T. Parker Hilborne will speak on "Masonry in America and in England" at a regular meeting of the Royal Arch Masons to be held Monday evening in the Masonic hall. A short business meeting will precede the talk which will show the differences between Masonry in the two countries.

Memorial services were conducted at a meeting of Odile chapter of the Eastern Star held Friday evening in the Masonic hall. A business meeting followed.

A bazaar will be given by the Ladies Aid society of Trinity Evangelical Lutheran church on Wednesday afternoon, Nov. 16. The bazaar will be held in the church basement.

MEET AGAIN TO PICK TRADE SCHOOL DIRECTOR

Kaukauna-A special meeting of the board of Vocational Education will be held at 7 o'clock Tuesday evening in the Kaukauna Vocational school office for the purpose of electing a school director.

The board at its meeting on Friday evening was unable to agree on the seven applicants so it was decided to adjourn for a few days to give the members a chance to think over the qualifications of each applicant. The new director will assume his duties on Dec. 1 when the resignation of A. T. Hudson, the present director, takes effect.

TORN UP STREETS ARE REOPENED TO TRAFFIC

Kaukauna-The streets which were to have been paved with Amiesite that all have been prepared to traffic. Cuts and gutters were completed and in many places a crushed stone base has been rolled into place. The streets include Hendricks, Elm, Main, 11th, 12th and 13th.

The Post-Crescent's representative at Kaukauna is Gordon Patton. His telephone numbers are 298 J and 10. Business with The Post-Crescent may be transacted through Mr. Patton.

READER GIVES PROGRAM IN METHODIST CHURCH

Kaukauna - Mrs. Eda Saar Wiese, reader and entertainer of Port Edwards, presented a program at the Sunday evening services of the Brekav Memorial Methodist church. Mrs. Wiese is a graduate of the University of Puget Sound and at present is pupil of M. Catherine Lyons of the MacLean college of Music and Dramatic Arts of Chicago. A large audience heard the program.

The evening's program was as follows: hymn, "One More Day's work," congregation; Prayer, Rev. T. Parker Hilborne; anthem, "Send Out Thy Light," (Gounod), choir; readings, "The Creed of the Bells," (anonymous), "In the Morning," (Paul Lawrence Dunbar), "Goblins," (anonymous) and "The Ladies Aid," (anonymous), Mrs. Eda Saar Wiese; vocal solo, "One Holy Hour," (Nevin), Mrs. Gerard Brenzel; pianologues, "It Can Be Done," (Edgar Guest) and "The Man With a Single Hair," (Guthrie Wood), Mrs. Wiese and pianist; organ offertory, Mrs. May Parks Johnson; readings, "At The Dentist," (anonymous) and "Danny," (anonymous), Mrs. Eda Saar Wiese; anthem, "No Shadows Yonder," choir; Benediction, Rev. T. Parker Hilborne and organ postlude, Mrs. May Parks Johnson.

WOMANS CLUB TO HEAR TALK BY T. B. WORKER

Kaukauna-Miss Alta Walls of the Wisconsin Anti-Tuberculosis association will be the principal speaker at the Health day program to be presented by the Kaukauna Womens club at the public library club rooms on Tuesday afternoon. Miss Walls has been connected with the W. A. T. A. for many years.

Roll call will be answered with current events pertaining to health. The meeting is scheduled for 2:30. Members of the health committee are Mrs. H. E. Thompson, Mrs. C. D. Boyd, Mrs. George Smith, Mrs. E. J. Bohnske, Mrs. W. H. Copp, Mrs. Frank Luce, Miss Barbour, Miss J. Bell and Miss Mattie J. Hayes.

KAUKAUNA PERSONALS

Kaukauna-Mr. and Mrs. Olin G. Dwyer returned Sunday evening from Winona where they spent the weekend with relatives. Carl Chopin motored to Madison Saturday to attend the University of Wisconsin homecoming. Mrs. C. H. Wiese of Port Edwards spent Sunday in Kaukauna. Mr. and Mrs. John Rancey of Oconto is visiting friends in this city. Miss Helen Mills of Chicago spent the weekend in the city renewing old acquaintances.

FIVE CLASSES STARTED BY KIMBERLY SOCIETY

Special to Post-Crescent. Kimberly-Classes in sewing, handicraft, basketball, ukulele and dramatics, have been organized for girls and women members of the Kimberly club. The handicraft class will open at 7 o'clock Tuesday evening; the dramatic class, at 8 o'clock Thursday evening, Nov. 17, and the ukulele class, at 7 o'clock Friday evening, Nov. 18.

The classes in sewing and basketball have already started. The sewing

and Crooks-ave have been opened to traffic and light vehicles are passing over the one half of Metoxen-ave. The McCarty Construction Co. at the present time is engaged in completing the Sixth-st concrete job. About a block remained to be paved on Monday morning. As soon as this street is finished the mixer will be taken to Metoxen-ave to complete the remaining half of the street there. Metoxen-ave will finish the contract. It is estimated that about three days will be needed for the job.

BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified croscote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, croscote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to croscote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the croscote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for hoarseness, in addition to croscote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the croscote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

ing class is held Monday evening at the Kimberly high school from 7 to 9 o'clock and the basketball class, Thursday evenings at the Kimberly clubhouse from 7 to 9 o'clock.

1,400 ATTEND BAZAAR AT CHURCH AT WRIGHTSTOWN

Special to Post-Crescent. Wrightstown-The annual bazaar held by the members of St. Paul church, on Sunday and Monday, was attended by a record crowd. Supper was served to about 1,400 people.

The banns were published for the second time Sunday at St. Paul church for Herman Meulemans and Marie Vandenberg of Hollandtown; Cecil McAbbe of De Pere and Florence Ryan, and Arthur Lembege and Catherine Dougie.

The marriage of Elmer C. Wierschka and Miss Florence Kusow took place at the parsonage of St. John Lutheran church, West De Pere by the Rev. L. Wegner at 2:30 Saturday afternoon.

The funeral of John Dies, Sr., 66, was largely attended Thursday morning at St. Paul Catholic church. Mr. Dies died Monday morning after an illness of six weeks.

A daughter was born to Mr. and Mrs. Peter Kettenhofen Tuesday. Martin Dreyer and family have moved into the residence owned by Mrs. A. Vanderheiden.

Mr. and Mrs. Julius Zobel and daughter of Ripon, called on friends here Sunday.

Mrs. Frank Vanderheiden spent Friday with her parents, Mr. and Mrs. J. Kettenhofen at Kaukauna.

The annual high school carnival will be held at the school Tuesday evening, Nov. 22. Supper will be served at 5 o'clock with many other attractions.

Dr. and Mrs. Wm. McLaughlin are spending several days at Milwaukee.

Mrs. Anna Voet is visiting relatives at Chicago.

Mrs. F. Lovejoy of Stevens Point returned to her home after spending a week at the home of Mrs. George Vanderheiden.

Mr. and Mrs. John Van Asten of Little Chute, called on Mrs. George Vanderheiden Thursday.

Mr. and Mrs. August Muelemans of Shioogan, spent Sunday with Mr. and Mrs. Frank Edgar.

Mr. and Mrs. Henry McDaniel and family of New London, spent Sunday with Mr. and Mrs. Louis Schneider.

Mr. and Mrs. August Meulemans of Kimberly, spent several days with the latter's parents, Mr. and Mrs. Arnold Van Dyke.

ENGLISH PREMIER WANTS SAFE ROOF LIKE CAL'S

Princes Risborough, England-(P)-Premier Stanley Baldwin shares with President Coolidge the difficulty of keeping a safe roof over his head. Like the White House in Washington, Mr. and Baldwin's official country residence at Chequers has developed roof trouble. Many of the beams have rotted, and it is necessary to abandon the house temporarily that steel beams may replace the insecure oak rafters.

Joseph Klassen attended a lumbermans banquet at Fond du Lac one day last week.

Hugo Kieglas, son of Mr. and Mrs. William Kieglas, has been very ill the past two weeks. He is recovering very slowly.

This weeks visitors at the William Kieglas residence were Mr. and Mrs. Nohls and son Raymond. Mrs. E. Kieglas of Appleton and Mrs. Walter Bongardner of Wrightstown.

FORMER RESIDENT DIES AT HOME IN MILWAUKEE

Kimberly-Word has been received here of the sudden death of Mrs. Anna Thiel, 61, of Milwaukee, at around 8 o'clock Saturday morning at her home there. Mrs. Thiel is an old resident of Kimberly having resided here for 25 years prior to her moving to Milwaukee ten months ago. She was a prominent member of the Christian Mothers society of Holy Name church. She is survived by four sons, Joseph and Lou of Kimberly, and Henry and Lawrence of Milwaukee, and six daughters, Mrs. M. Van Dyke of Kimberly, and Mrs. Fred Kiehl, Mrs. W. Gole, Mrs. P. Kiehl and Minnie and Lauretta, all of Milwaukee.

Funeral services will be held Tuesday morning at 8 o'clock at St. Patrick's church, Milwaukee. The body will then be brought to Kimberly for burial in Holy Name Parish cemetery. Services at the grave will be held at about 2:45 Tuesday afternoon and will be in charge of Rev. F. X. Van Nistelooy, pastor of Holy Name church.

HABIT OF READING IS ACQUIRED YOUNG

School Teachers Suggest That Children Should Read Selections Aloud

Madison-(P)-Next week is Book week. The state department of public instruction suggests to Wisconsin school teachers that good books are well bound and in good physical shape, as well as of worthwhile content.

Other suggestions regarding books in the schools as made by the department are:

"Remember that the habit of reading, if formed at all, is acquired young. The child cannot be forced to read. He must be exposed to good books and his desire to read stimulated by suggestions.

"Encourage children to talk about their favorite characters in fiction and in biography, but do not require such reports as a necessary climax for all such reading. Children should read to enjoy rather than to report the reading done.

"Keep lists of books by different students as an indication of the progress made in the use of the library.

"Encourage children to talk about their favorite characters in fiction and in biography, but do not require such reports as a necessary climax for all such reading. Children should read to enjoy rather than to report the reading done.

"Keep lists of books by different students as an indication of the progress made in the use of the library.

"Encourage children to talk about their favorite characters in fiction and in biography, but do not require such reports as a necessary climax for all such reading. Children should read to enjoy rather than to report the reading done.

SHORT FARM COURSE OFFERED TO FARMER BOYS OF WISCONSIN

Fifteen Scholarships of \$100 Each Will Be Awarded by Agriculture College

Madison-(P)-Fifteen \$100 scholarships for Wisconsin farm boys who wish to enroll in the first year class of the short course at the college of agriculture have been made available by the Regents of the University. The short course this year extends from Nov. 14 to Mar. 16.

The scholarships are awarded by a committee composed of John Callahan, superintendent of public instruction; Walter A. Duffy, commissioner of agriculture; and J. A. James, assistant dean of the college of agriculture.

Boys desiring scholarships must, under the conditions of the awards, write an essay on the subject, "Agriculture and My Future." This essay is to include what the applicant has done in the field of farming, what he wishes to make his future in agriculture, why the scholarship is desired and what he sees ahead in agriculture.

WIFE DROVE HIM TO MURDER HER. REMUS CLAIMS

"Bootlegger King" to Act as Own Chief Counsel in Trial for Slaying

Cincinnati, O., (AP)—The story of a bootlegging venture that earned for George Remus, more than a million dollars and led him to kill his wife, Eugene Holmes Remus, because he thought she and another man robbed him of his money, will be unfolded during Remus' first degree murder trial beginning Monday.

As chief of his own defense counsel, the one-time "bootleg king" and former Chicago attorney will ask the jury to acquit him on the ground that he had been driven to the point of temporary insanity by the actions of his wife.

He will repeat the accusations that he made against Mrs. Remus and Franklin L. Dodge, Jr., of Lansing, Mich., former government agent who helped expose the bootleg syndicate that sent Remus to Atlanta penitentiary for two years.

He accused Mrs. Remus, to whom he once referred as "my beautiful blonde," of instigating him to slay Dodge, of instituting divorce proceedings so she could marry Dodge and of conspiring with Dodge to keep him in prison so they could steal his fortune.

"DRIVEN TO KILL"

All this so affected his mind, Remus declared after his arrest, that he was driven to kill his wife to "rid the world" of her and to prevent her from killing him.

The climax of Remus' troubles came on the morning of last Oct. 6. A few hours before the opening of a hearing on the divorce action brought by his wife, he trailed her in a taxicab through Eden park while she was on her way to court and shot her to death when she tried to escape him. Only the night before, Remus charged, he had frustrated a plot against his life which had been hatched by Mrs. Remus.

The days the former bootlegger spent in county jail since the killing have been occupied with his law books almost constantly before him. He retained Attorney Charles Elston to assist him in his defense.

Elston went with state counsel to a number of cities in the east and middle west to take depositions, which Remus declared will substantiate every charge he has made against his wife and Dodge.

Charles P. Taft, II, county prosecutor and son of Chief Justice William Howard Taft of the United States Supreme court, will oppose Remus, demanding the death penalty for the slaying.

The defendant is a quaint character who has lived a colorful career. He does not drink or smoke and he boasts of his "business ethics" even in the bootlegging business.

He was the central figure in the trial and sentencing of a warden of Atlanta prison for allowing Remus undue liberties while he was a prisoner there. He went to prison in a luxurious private car and on one time was a member of the Senate Judiciary investigating committee, although veracity of his testimony never was established. He also was the principal witness in the famous Jack Daniels whiskey conspiracy trial at Indianapolis.

Churches Of World To Observe Week Of Prayer

Churches, Y. M. C. A. and other religious and quasi-religious organizations in Appleton and in most civilized countries of the world will observe the week of Nov. 13 to 19, as a week of prayer and special meditations have been prepared for each day. The call to the world brotherhood in connection with the week of prayer was issued by Dr. John R. Mott, president of the World Alliance of the Y. M. C. A.

"The week of prayer," Dr. Mott said in his call:

"The week of prayer has ever exerted a great influence and vitalizing influence among the Young Men's and Young Women's Christian Associations of the world. The present year it has added significance because it marks the beginning of the observance by the Associations of the Nineteenth Century of the Public Ministry of Jesus Christ. In accordance with the first and incomparably the most important of the missions of the Nineteenth Century of the Young Men's Christian Association at Heilinger's, the Associations of all lands are asked to unite for the vital purpose of a three-year study of the Life of Christ. The Young Women's Christian Association gladly consent to the proposal that they should join in the study.

What is more central in the life of our Associations than arresting and

holding the attention of the young men and boys of the nations on the life, teachings and work of the Supreme Figure of the ages and the eternal Christ? Christ is in reality the organizing factor around whom the Young Men's Christian Association has been built. To him our name and basis, our governing objective and guiding principles, our message and program, our very genius and spirit, bear witness. He constitutes our sure anchorage and our infinite resource.

The periods in the life of the Association Movement when this objective has been held in true prominence, when His redemptive Gospel has been most faithfully proclaimed, have been the years of most enlarging and most enduring fruitage. If this ever ceases to be true, the Associations will lose their world-conquering power.

"The union of Associations of all nations and races in this common quest and their sharing of their insight and earnest interest, is sure to result in a wonderful enrichment to all. This is enforced by the thought of the apostle, St. Paul—until we all come in the larger and deeper knowledge of the Son of God, as well as in the unity of the Faith, unto the perfect man, unto the measure of the stature of the fullness of Christ.

In this time of so much confused thinking and of so many conflicting voices, with resulting uncertainty and lack of religious conviction on the part of youth, great is the need of present-day authentic evidences of the reality and wonderworking power of the Living Christ. Let us, the leaders and members of the world-wide Association Brotherhood, give ourselves, therefore, during the coming week of prayer for Young Men to very definite and earnest interest in the God Almighty may unite and use all to usher in and carry forward the faithful observance of the Nineteenth Century of the Public Ministry of Jesus Christ, to the end that the triumphant apostle may be realized for which our Lord Himself interceded when he prayed that His followers all might be one that the world might believe.

Each day during the week of prayer the Post-Crescent will print a meditation prepared by Dr. Henry H. Crane, pastor of the Methodist Episcopal church of Malden, Mass., and one of the best known ministers in America. Dr. Crane spoke at Lawrence college here some months ago.

The meditation for Monday follows:

"Till we all attain unto the measure of the stature of the fullness of Christ, Ephesians 4:13. We would see Jesus not only in order that we might discover what God is, but that we might apprehend what man ought to be. A standard of moral measurement is altogether necessary if, intelligently and with confidence, we are to go about the business of achieving character and living an abundant life. What is man when he is at his best? What spirit is dominant? What attitude toward? What is the true ideal toward which we should strive? What is the ultimate spiritual scale by which we may measure life—and know whether it is more abundant or less?

The supreme standard set up for all time is: "The measure of the stature of the fullness of Christ." Striking and suggestive phrase is that of the Apostle Paul, who perhaps more than any other of his time or since, saw Jesus clearly.

We have been told that we cannot add one cubit to the stature, physically, but we can certainly add, and must, spiritually, "till we all attain unto a full-grown man." This is the very function and aim of all right religion, particularly the religion of Jesus.

For not only does Christ reveal the standard, but what is vastly more He gives us the power to attain. And this He does, not by setting up any artificial or mechanical programs, but by prescribing a list of rules and regulations, not by the threat of punishment, but the promise of rewards, but simply by inviting us to personal fellowship with Himself. The only dynamic sufficient to empower us to live the life more abundant, "to attain unto the measure of the stature of Christ," is the mighty influence of His own matchless Personality.

Always and forever His supreme injunction is simple: "Follow Me!"

TWO GIRLS AND BOY HURT IN ACCIDENTS

Automobiles Knock Down Three Young People as They Walk in Street

Two girls and one small boy were injured by automobiles in weekend accidents. None of the three was hurt seriously. The injured are: Sheldon Hauert, 12, son of Mr. and Mrs. W. F. Hauert, 111 W. Pacific, both legs bruised.

Miss June Reitzner, 20, daughter of Mrs. Anna Reitzner, 734 W. Hurst, contusions of the left hip and abrasion on left arm.

Miss Bernice Tiesing, 18, daughter of Mr. and Mrs. Barney Tiesing, Hollandtown, contusion of right hip and ankle, left elbow and shoulder and bad shock.

"The Hauert boy was injured when he collided with a Segal Fruit company truck, driven by Willard Merkle, 525 N. Richmond-st at 10 o'clock Saturday morning at the corner of Appleton and North-st. The wheels passed over both the boy's legs but no bones were broken. He was taken to his home.

The two young ladies were hurt when they were struck by a machine owned and driven by George Besch, route 6, Appleton, at the corner of W. College-ave and Walnut-st at 7:30 Saturday night. The girls were crossing College-ave, on the east crosswalk. Besch, driving south on Walnut-st, collided with the girls when he turned to go east on College-ave.

The two girls were taken to the Reitzner home in an ambulance. Miss Tiesing was staying with Miss Reitzner.

DEATHS

SCHOENROCK FUNERAL

The funeral of Herman Schoenrock, who died Saturday afternoon at his home, 213 N. Catherine-st, will be held at 2 o'clock Tuesday afternoon from the home and at 2:30 at Riverside chapel. The Rev. T. J. Sauer will conduct the services. Interment will be in Riverside cemetery. The survivors are his widow, two daughters, Mrs. Frank Bick, of Appleton, Mrs. John W. Racine, four grandchildren; one brother, Frank Schoenrock of Oshkosh; two sisters, Mrs. R. E. Enoch and Mrs. Minnie Harvey of Neenah.

MRS. ANNA THEIN

Mrs. Anna Thein, formerly of Kimberly, died Saturday at her home in Milwaukee. She is survived by ten children, Joseph and Louis Thein and Mrs. H. H. VanDyk of Kimberly, Mrs. William Goetz, Mrs. Fred Kubitz, Mrs. Benjamin Kistler, Miss Henry, Lawrence and Loretta of Milwaukee; two brothers, Martin Wyman of Appleton and Jack Wyman of Spokane, Wash.; one sister, Mrs. L. S. McCurdy of Kentucky. The funeral will be held from Holy Trinity church at Milwaukee Tuesday morning. The body will arrive in Appleton at 2:30 Tuesday afternoon and will be taken to the Holy Name cemetery at Kimberly for burial. The Rev. F. X. Van Nistelrooy will conduct services at the grave.

THOMAS PEOTTER

Thomas Peotter, 6-weeks old son of Mr. and Mrs. E. D. Peotter, 327 W. Lorraine-st, died Sunday morning. He is survived by his parents, one sister, Jeanette and two brothers, Robert and William and his grandparents, Mr. and Mrs. Warner and Mrs. Alvina Peotter of Appleton. The funeral was held at 2 o'clock Monday afternoon from the home. The Rev. E. M. Selter conducted the services. Interment was in Riverside cemetery.

COUNTY ROAD WORK TO BE COMPLETED THIS WEEK

Several minor road improvements are being completed this week by county highway crews and when these are completed the hauling of gravel and road work will be commenced for the winter, according to A. G. Bruzewitz, county highway commissioner. A small stretch of road on Highway 156 in the town of Maine and a minor repair job in the town of Oneida are the only ones to be finished before the work for the year will be halted.

SEEK MANAWA MAN ON CHARGE OF SPEEDING

A warrant has been issued for the arrest of Charles McCabe, Manawa, who is charged with speeding by Charles Steidl, county motorcycle officer. McCabe was arrested on Nov. 6 by Officer Steidl for traveling 45 miles an hour on Highway 19 just west of the city. Officer Steidl followed McCabe to Egert's hotel where he was staying and ordered him to appear in court. McCabe was arrested by city motorcycle officers last week for speeding and paid a \$10 fine in municipal court.

EXPECT LARGE CROWD AT SECOND Y'S MENS FORUM

Plans to handle a large crowd at the second open forum program of the winter, sponsored by the Y's Men's club at 414 N. C. St. Sunday morning, Nov. 19, are being completed Monday morning by association and club officials. The forum will be held Monday evening in the assembly room on the second floor to accommodate the expected crowd.

The speaker and leader of the general discussion which follows is Dr. Edwin Simpson, pastor of the Green Bay Baptist church. Dr. Simpson spoke on "Europe's War-damaged Zone," describing the troublesome areas of Europe and the causes, at this first forum here. Monday evening he speaks on England's Labor and Trade Unions.

The public is invited to the forums.

Dr. Simpson on "England" Y. M. C. A. 7:30 TONIGHT

RED CROSS CAMPAIGN STARTS IN COUNTY

Concerted Drive in C-city Awaits Completion of Study of Red Cross Organization

The membership campaign of the Red Cross started with two schools of the city reporting 100 per cent teacher memberships. Lincoln school was the first to report, and Roosevelt was second.

The campaign in the city will not be pushed until the study of national organization of the Red Cross has been completed and sent out by the high schools of the county. The paper will be a 21-page publication and will contain about 32 cuts illustrating persons, places, and work of the Red Cross. It is expected to be finished about Friday.

Letters are to be sent to the business men of the city telling of the membership drive which is expected to double the membership of the National Red Cross. The Red Cross has now been aiding in the flooded districts of New England. Over 400 persons in Vermont are entirely homeless, and 500 temporarily without shelter and clothing. The National Red Cross reported at the governor's call for aid, according to Dr. M. H. Small, local chairman of the Red Cross. This type of work is what the Red Cross is doing and in order to continue it must have more workers, Dr. Small said.

U. W. EXTENSION BUREAU EXTENDS ITS SERVICES

Edward M. Garrow, newly-appointed field representative of the Appleton district of the University of Wisconsin Extension division, was in the Green Bay reformatory Monday visiting inmates who are division students. Two of the men who have been taking extension courses were conditionally discharged this fall so that they might enroll as freshmen in outside institutions. Mr. Garrow said.

A series of talks on Foremanship for industrial workers has been arranged for factory men at West Bend by Mr. Garrow. Herb Hellig, director of Appleton vocational school, has been engaged by the division to give the first talk which will be at 7:30 Monday evening at West Bend. S. Badger-ave, traveling 34 miles an hour on S. Cherry-st. W. H. Maderson, 1603 W. College-ave, driving 40 miles an hour on W. College-ave. Both arrests were made by Gus Hersekorn, motorcycle officer.

Two men arrested Sunday on charges of speeding were to appear in municipal court at 9 o'clock Monday morning but did not do so. They are Randolph Vogel, 214 S. Badger-ave, traveling 34 miles an hour on S. Cherry-st. W. H. Maderson, 1603 W. College-ave, driving 40 miles an hour on W. College-ave. Both arrests were made by Gus Hersekorn, motorcycle officer.

TWO ALLEGED SPEEDERS FAIL TO COME TO COURT

Two men arrested Sunday on charges of speeding were to appear in municipal court at 9 o'clock Monday morning but did not do so. They are Randolph Vogel, 214 S. Badger-ave, traveling 34 miles an hour on S. Cherry-st. W. H. Maderson, 1603 W. College-ave, driving 40 miles an hour on W. College-ave. Both arrests were made by Gus Hersekorn, motorcycle officer.

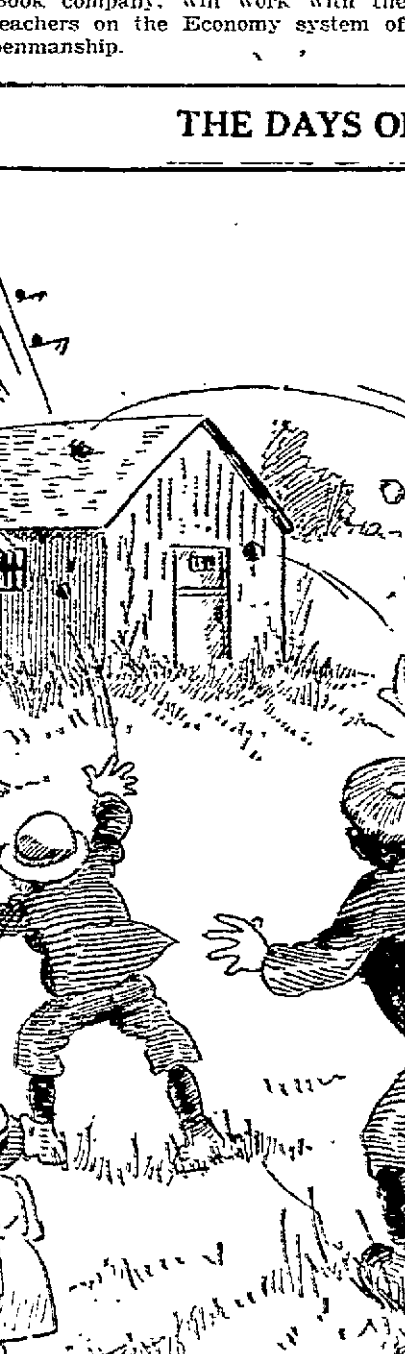

RED ARROW VETERANS TO HAVE DUCK DINNER

Red Arrow veterans and their wives and ladies will gather at their cottage at Brighton beach Monday night for a duck dinner and house warming party. Fifty reservations have been made. The dinner will be served at 8 o'clock and will be followed by cards.

WRITING DEMONSTRATION TO BE HELD THURSDAY

The date of the writing demonstration for the teachers of Appleton public schools has been changed from Monday until 3 o'clock Thursday afternoon at the Columbus school, Mrs. Von Kaenel, assistant director in the service department of the Laurel Book company, will work with the teachers on the Economy system of penmanship.

THE DAYS OF REAL SPORT

NOVELTY DANCES AT CLUB PARTY

Several novelty dances have been planned by the committee in charge of the first dancing party of the season for members of the Century club to be held from 8:30 to 12 o'clock Thursday evening at 511 E. Hill. Gib Horst's orchestra will play for dancing.

Arrangements for the party are in charge of a committee consisting of Dr. and Mrs. Guy L. Carlson, chairman; Mr. and Mrs. Charles L. Henderson, Mr. and Mrs. Karl Schuetter, Mr. and Mrs. Joseph Koffert, Jr., and Mr. and Mrs. George Wetengel.

NEED FORESIGHT TO PLAN SPIRITUAL PROGRESS

The need of foresight and vision in the development of plans for the advancement of spiritual and temporal progress of humanity was stressed by Roland Steinhilber, assistant district attorney of Milwaukee, before a meeting of the Holy Name society of St. Joseph church Sunday morning following a breakfast in St. Joseph hall. The members attended Holy Communion at the 8 o'clock mass.

The dedication of men to the fulfillment of their plans and dreams was stressed by the speaker as a significant step in the wheel of progress. Mr. Steinhilber pointed out through the ages who have dreamed dreams and who dedicated themselves to the accomplishment of their plans. These achievements are responsible for the progress of civilization of the world, according to the speaker.

FOUR SPEEDERS PAY FINES IN MUNICIPAL COURT HERE

Four men were fined by Judge Theodore Berg in municipal court Monday morning when they pleaded guilty of violating city traffic ordinances. They are: Paul Koehnke, 916 W. Spring-st, \$10 and costs for driving 34 miles an hour on W. College-ave, Saturday night; Otto Jahnke, 745 E. Commercial-st, \$10 and costs for driving 34 miles an hour on N. Richmond-st, Saturday night; Andrew Llopensperger, 207 N. Lawest-st, \$10 and costs for traveling 35 miles an hour on S. Cherry-st, Sunday night; Orville Krick, 1314 N. Clark-st, \$1 and costs for parking at an angle on N. Appleton-st Sunday night. Three of the arrests were made by Gus Hersekorn, motorcycle officer, while the fourth was made by Officer Fred Arndt.

ARREST IRON WORKER FOR HUNTING WITHOUT PERMIT

Anton Krupp, an iron foundry worker from Montana, employed by the Meloch Foundry company of Kaukauna, was arrested Sunday afternoon in the town of Maine by Louis Joske, game warden, for hunting without license and for failure to secure a non-resident hunting permit. He was arraigned before Judge Theodore Berg in municipal court Monday morning and trial was set for Nov. 21. Krupp furnished \$100 bonds.

CORBETT IS SPEAKER AT ROTARY LUNCHEON

Hugh Corbett, managing secretary of the chamber of commerce will speak on the "Romance of Business" at the regular weekly meeting of Rotary Tuesday noon at Hotel Northern. Several members of the club will attend the charter night meeting Monday evening at Marion. Lee Rasey of Minneapolis, former principal of Appleton high school, will be the chief speaker of the evening.

GIVE DIET CHARTS AT NEXT BABY CLINIC

Miss Florence Whipple, city nurse, will distribute charts to mothers, containing diets for children up to six years of age at the baby clinic to be held beginning at 9:30 Thursday morning at the Appleton Women's club. The clinic will be sponsored by the Health department of Appleton.

Henry Wehrman will leave Wednesday for California to spend the winter.

SALVATION ARMY'S DRIVE GETS STARTED

Sixteen Members of Committee Scheduled to Meet at Y. M. C. A. to Open Campaign

The annual Salvation Army campaign for funds will begin Monday night with a banquet at the Y. M. C. A. at which time organization work will be completed. The organization is asking \$4,000 to carry on its work in Appleton and Outagamie-co during the coming year. The chairman of the campaign is Mayor Albin Tule, the treasurer is L. O. Wissman, cashier of the First National bank, to whom remittances may be made by persons wishing to subscribe.

Sixteen persons are members of the committee which will complete arrangements for the campaign at the dinner. They are C. R. Fumlinger, John W. Pugh, A. G. Oosterhouse, Chris E. Mullen, W. O. Thiede, C. O. Davis, Seymour Guenier, E. W. Shannon, Hugh C. Corbett, F. P. Catlin, Eric Lindberg, John L. Hoffinger, Frank Sager, Virgil E. Scott, J. M. Balliet and A. Welch.

LARGE CROWD ATTENDS BLACK CREEK CONCERT

Several hundred persons attended the concert given by members of Appleton mannequin in the auditorium at Black Creek, Sunday evening. The program was well received, especially the mixed choir and specialty numbers. The concert was the last by the mannequin until February when the organization will appear on a joint program with the 120th field artillery band in Lawrence Memorial chapel. Rehearsals will continue to be held on Thursday evenings in Gil Myse hall, however.

APPLETON LAWYER TO TALK AT BEAR CREEK

J. L. Johns, Appleton attorney, will be the speaker at the Bear Creek Community festival which is to be held Wednesday evening at Bear Creek. All the rural schools in the Bear Creek district will participate. James Lockwood is the general chairman in charge of arrangements for the festival. In the afternoon there will be an exhibit of school work and farm products. Each school will have one booth in which will be displayed the work of individual pupils. Prizes will be awarded the best booths. In the evening a program will be presented by the schools in the district.

Markets

TWO-SIDED TREND ON STOCK MARKET

Selling Moves for Several Favorite Issues—Merchants Lead Gains

New York—(AP)—Fractional gains were scored by a long list of stocks at the opening of Monday's market. Southern Railway leading with an initial advance of 1 1/4 to a new top at 14 1/4. International Harvester was up 1 1/2 points at the start.	Chicago—(AP)—The market became two-sided as selling of favorite shares by U. S. Steel, General Motors, Republic, Texas and several others which lost between one and two points contrasted with confident accumulation of the drug, farm implement, mercantile and public utility shares. WALTON LEAGUE ACTS TO STOP SINK BOATS USED ON LAKE POYGAN

Appleton Men Are Speakers at Convention of State Fishermen's Meet

Four Appleton fish and game enthusiasts attended the annual state convention of the Wisconsin League of America Fishermen and Game Warden's Association at Milwaukee Friday and Saturday.

Three problems of interest to residents of Outagamie county and vicinity were discussed. A resolution sponsored by Mr. Sykes regarding sink boats on Lake Poygan was referred to the legislative committee to be taken up with the state conservation commission.

A resolution was brought in to conserve rabbit hunting. Mr. Sykes suggested closing the season on Nov. 15, but it was decided it could not be done. Instead the state may be divided into zones to include several counties.

The Keshena water power problem was discussed and a committee was appointed to investigate the trouble on the reservation and make suggestions to the state Walton league.

GREENWALDT ADMITS MURDER OF SPOUSE

Greenwaldt, according to police, told of hatching the plot two weeks ago. Payments were due on the mortgage of his home and notes due on his automobile.

They then drove the car back to Taylor's roadhouse, 3 miles east of Waukesha, where Greenwaldt stepped out and slugged himself on the head with a large stone. Kelley took the automobile to Milwaukee.

Greenwaldt, according to police, told of hatching the plot two weeks ago. Payments were due on the mortgage of his home and notes due on his automobile.

Greenwaldt, according to police, told of hatching the plot two weeks ago. Payments were due on the mortgage of his home and notes due on his automobile.

Then, the confessions explained, it was agreed that the deed be committed on the night of Nov. 7 and Greenwaldt drove in from Milwaukee, gave his wife money to go shopping, and checked over the details with Kelley.

It was a happy day for Mrs. Greenwaldt: shopping in the city, dinner in a downtown restaurant. Then began the ride home to Mr. Horeb in the evening, with Kelley as an unexpected guest.

After Greenwaldt and Kelley had disposed of Mrs. Greenwaldt's body and had driven away from the scene, when they had agreed on as the spot where Greenwaldt would hang, the he had been held up, and slugged, and Mrs. Greenwaldt kidnapped by bandits.

NEED MORE FAMILIES TO TAKE CONFERENCE BOYS

Appleton residents are responding slowly to the call of the Young Men's Christian Association for the taking of the boys' conference.

BOARD CONSIDERS BUYING NEW KINDERGARTEN BLOCKS

The purchase of kindergarten blocks was discussed at the meeting of the Appleton board of education Friday evening.

Plans were discussed to repair the heating system at McKinley school next summer. The maintenance committee reported that new sewers at Wilson school have been put into use and work is being done on those at the Roosevelt junior high school.

Miss Mary Orison, city school nurse and Dr. F. P. Dohearty, city health officer, discussed the diphtheria situation in the city.

LOCAL DOCTOR HELD NOT LIABLE IN SUIT

\$25,000 Claim Against Dr. C. E. Ryan Is Dismissed in Circuit Court

A \$25,000 damage suit started by Joseph H. Hoffman, Hortonville, against Dr. C. E. Ryan of Appleton, was dismissed by Judge Edgar J. Werner, in circuit court Monday morning when a jury held that there was no cause for action.

Hoffman started the suit claiming that his elbow had been crippled as a result of poor treatment. Hoffman's elbow was treated by Dr. Ryan after it was broken in an automobile accident on Jan. 1, 1925. The defendant held that his work in setting the elbow bone had not been negligent and it was best that could have been done.

LAY NEW STEEL RAILS ON GRADE CROSSINGS

Track crews of the Chicago and Northwestern railroad company were busy Monday morning laying new steel and planking at the intersection of the railroad company's tracks and N. Appleton and Bates-st. The new tracks will be welded together to make the section jointless. New planking is being laid to replace that which was in poor condition.

A. K. Ellis and John Conway attended the funeral of Charles Pfister Monday afternoon at Milwaukee.

Mr. and Mrs. M. D. Robinson of Antigo are visiting friends in Appleton.

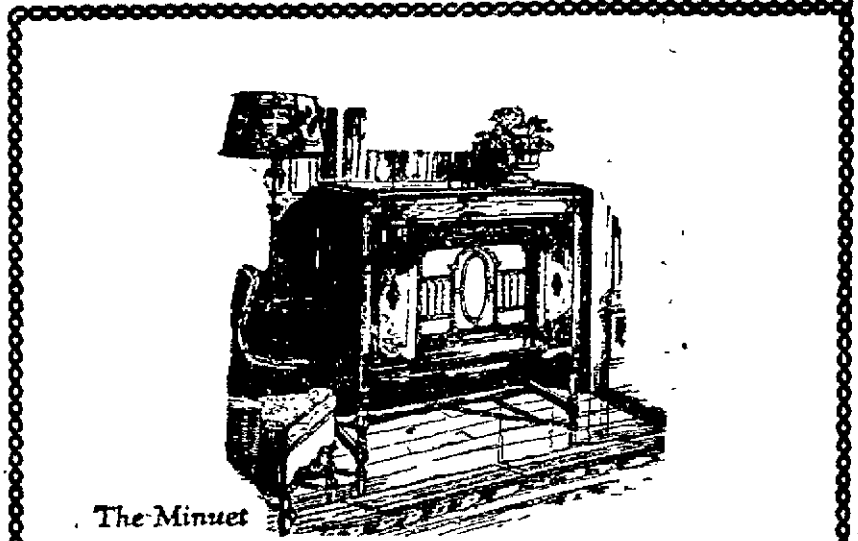

BEG PARDON

The names of Dr. C. C. Reed and Dr. Victor P. Marshall were unintentionally omitted from the list of those who took part in the minstrel show given by doctors in the city who were members of Waverly lodge at the stag party last Friday night, which appeared in Saturday's paper. Dr. R. V. Landis did not take part in the program as was stated.
